

# ACTION ON TAX BILLS REFUSED

## BROWDER AND ASSOCIATES RELEASED

### DAMAGES WILL BE SOUGHT ON GROUNDS FALSE IMPRISONMENT

#### COMMUNIST CANDIDATE FOR PRESIDENCY PREVENTED FROM MAKING SPEECH

TERRE HAUTE, Ind., Oct. 1.—(P)—Shortly after Earl Browder, communist candidate for president, and four associates were released from jail today, David J. Bentall, Chicago attorney, said he would seek damages for the five on the grounds they had been falsely arrested and imprisoned.

Bentall, who read over the radio last night the speech Browder had planned to deliver at a communist party rally, said suit would be filed against Mayor Samuel Beecher and Police Chief James C. Yates.

Vagrancy charges placed against the five when they came here yesterday were dismissed in city court this morning after they had spent the night in jail.

Browder accepted his release without comment. He said he would leave soon for New York and would make no further attempt to speak here.

Yates said he expected Browder and the others to leave the city soon.

If they are caught in the city again they will be taken back to jail, the police chief declared.

Arrested on Arrival

Browder was arrested with Waldo Frank, novelist, and Seymour Waldman, communist campaign committee, both of New York, upon arrival in this city yesterday from Chicago. Later Charles Stadfield, state chairman, and Andrew Remis, a party worker, both of Indianapolis, were arrested.

Browder was scheduled to deliver a campaign speech at a communist party rally last night in the Indiana State Teachers College auditorium. Instead he spent the night in jail and the college auditorium was used by the students for a football "pop" meeting.

Browder and others were held on vagrancy charges "for investigation purposes," Yates said.

This is a customary police practice in Indiana in criminal cases.

Speech Read by Attorney

The speech Browder had planned to deliver was broadcast from a local radio station by David J. Bentall, Chicago attorney who had come here in an effort to obtain Browder's release through court action.

The speech was read by the attorney despite the presence of several policemen sent to the radio station with instructions to prevent the broadcast.

Yates said the reason for the failure of the policemen to investigate failure of the policemen to keep Bentall off the air.

### PARTICIPATION OF TEXAS IN NUI PLAN PROVIDED IN BILL

#### UNEMPLOYMENT INSURANCE WAS ONE OF SUBJECTS SUBMITTED BY GOVERNOR

AUSTIN, Oct. 1.—(P)—A bill to provide for Texas participation in benefits of the national unemployment insurance program was before the house of representatives today on a unanimous favorable report from its labor committee.

Rep. George Davidson of Eastland, author of the bill, said he hoped to obtain floor action on it before the end of the week.

Unemployment insurance was one of two subjects submitted to the legislature when it convened three days ago. The other was taxation for old age pensions.

Nearly a score of tax proposals have been introduced but the house sidetracked them until after it had made a thorough investigation of pension operations.

Conducting the inquiry as a committee of the whole, the house called Orville S. Carpenter, state pension director, as the first witness. Carpenter was questioned for three hours yesterday and asked to return today.

The director said the reason many probably eligible persons were not yet on the pension rolls was that investigators had not

### BIG MADRID PUSH OF INSURGENTS WAS STARTED THURSDAY

#### SPEARHEAD DRIVEN WITHIN TWENTY MILES OF CAPITAL TODAY

By The Associated Press.

Insurgent Spanish legions, pressing hard on all sectors of the steel ring around Madrid, gave martial indication today their last big rush was on.

They drove a flying spearhead within about 20 miles of the capital on the main highway from Toledo, ahead at vital Southern communications lines and proclaimed: "The back of the capital's resistance is broken."

Meeting under the protection of soldiers, a squadron of planes and batteries of anti-aircraft guns, the Spanish parliament granted autonomy to the Basque region of the North in an attempt to win increased allegiance from that fascist-invaded section, and heard Premier Francisco Largo Babalero announce he was determined to force a "workers republic."

Insurgents and the government disputed the status of the drive from the southwest. The fascists said they had passed Illescas 22 miles from the capital; the gov-

### RAMPAGING BRAZOS COVERS ADDITIONAL RICH FARM LANDS

#### FLOOD WATERS ARE SPILLED FANWISE OVER THOUSANDS OF FERTILE ACRES

HEARNE, Oct. 1.—(P)—The Brazos flood spread slowly through lowlands in the Bryan area today as the crest rolled southward from Valley Junction.

Crop damage seemed to be decreasing as the sea of rain water advanced toward the Gulf and planters around Bryan expected less overflow than in last year's rise, when inundation was not serious.

The Brazos, swelled by its flooded tributary, the Little river, covered many bridges of acres in its southward rush but the wider channel was containing the torrent easier than it had to the north.

Barry Baker, photographer for the Brazos river conservation and reclamation district, predicted the swiftly-moving crest would overtake that of the Little river, which dumped its flood waters into the Brazos near here yesterday. If the crest unite the water will spread over a wider area and move more slowly toward the Gulf, he said.

Weather bureau officials said the wider Brazos channel further south would be able to carry a heavier load. They predicted the

### THREATENED TIIEUP OF COAST SHIPPING HAS BEEN AVERTED

#### FIFTEEN-DAY TRUCE AGREED UPON TO GIVE TIME FOR FURTHER PARLEYS

SAN FRANCISCO, Oct. 1.—(P)—A threatened tieup of coast shipping through expiration of working agreements between shippers and unions representing 37,000 workers was averted early today through union acceptance of a 15-day truce proposed by employers.

Under the truce as outlined by Assistant Labor Secretary Edward F. McGrady, commerce will continue under the old agreements, with "no strings" attached to the arrangements.

During that period, he said the unions will appoint committees to decide whether disputed issues shall be submitted to arbitration in negotiations the employers propose to extend for an additional 45 days.

The question of arbitrating these disputes has been a principal cause of deadlocking negotiation, the union declaring they could not arbitrate such fundamental questions as recognition and the right to collective bargaining.

Employers in turn said they had granted full union recognition and were in accord with the workers' rights to bargain collectively.

Shipping Had Been Slowed

Announcement of the truce came nearly half an hour after the time set for expiration of the old agreements, under which the maritime workers generally were granted higher wages and improved working conditions.

It found coast shipping slowed to a fraction of its normal movement in anticipation of waterfront trouble. Many ships were idle here, some bound for this port but have been diverted to other harbors. Disputes centering around the labor situation delayed a few sailings.

See SHIPPING, Page 2.

### New York Man Is Charged With Extortion Attempt

NEW YORK, Oct. 1.—(P)—Frank Vitolo, 33, of Yonkers, N. Y., an unemployed acrobat, faced a hearing today before United States Commissioner Garrett W. Stotter on charges of attempting to extort \$64,000 from Harry Sinclair, wealthy oil man, and six other prominent men and women.

J. Edgar Hoover, director of the Federal Bureau of Investigation, said Vitolo would be charged with writing threatening letters to Sinclair at his Great Neck, N. Y., home; to Colonel Douglas I. McKay, president of the New York Title Insurance Company; Mrs. Alexander Hamilton Rice of Newport, R. I., wife of the oil man's philanthropist; and to Mrs. Bernard E. Smith of Bedford Village, N. Y., wife of a wealthy New York stock broker.

Hoover quoted Vitolo as telling him the scheme had been concocted from information obtained from a detective magazine. He said the suspect never appeared to obtain the sums of money demanded.

Hoover said Vitolo had made a full confession.

### WINTER WEAVES AN EARLY TAPESTRY IN COLORADO

An 8-inch snowfall, heaviest for September in years, embroidered Denver, Colo., streets early with a mantle of white. The state capitol, shrouded by falling flakes, appears in the background. The snow menaced life and property and damaged communication lines in the Rocky Mountain area. (Associated Press Photo)

### ROOSEVELT CARRIES HIS CAMPAIGN INTO EASTERN STATES

#### MADE SEVERAL SPEECHES IN WEST VIRGINIA; AT PITTSBURGH TONIGHT

By D. HAROLD OLIVER

Associated Press Staff Writer.

ELKINS, W. Va., Oct. 1.—(P)—Stressing conservation of natural resources in his first West Virginia speech, President Roosevelt declared here today there was a growing consciousness that "man's errors in the past must be corrected by man in the future."

Standing in a cold drizzle in a natural amphitheater of Davis-Elkins College, the president told a mountain state festival crowd that "in the worth while effort" of conservation the federal and state government are "working hand in hand."

He cited many activities of the New Deal to conserve life and other resources because he declared "critics of the administration have lately been engaged in expressing dissatisfaction with the progress of wild life restoration."

See ROOSEVELT, Page 2.

### Bank Clearings For Past Week Show Increase

In spite of the fact that Corsicana was virtually isolated for three days by flood waters and heavy rains, bank clearings for the week ending with the close of business Wednesday showed an increase of \$114,000 over the corresponding week of 1935 according to N. Suttle Roberts, head of the Corsicana Clearing House Association.

Total clearings for the past fiscal week were \$852,000 compared with \$738,000 for the comparable week of 1935, maintaining the consistent gains that have marked local transactions in recent months.

Three large truckloads of materials and machinery for the Germany et al test northeast of Kerners were reported on hand in that city waiting for the roads to try up sufficiently for the supplies to be moved in and that test started.

See CLEARINGS, Page 11

### TWO AIR RACERS ARE KILLED IN CRASH OF PLANE IN AFRICA

#### MAX FINDLAY AND HIS RADIO OPERATOR CRASH NEAR ABERCORN TODAY

JOHANNESBURG, South Africa, Oct. 1.—(P)—Max Findlay, England-to-Johannesburg air racer and his radio operator, A. H. Morgan, were killed today in a crash near Abercorn, northern Rhodesia, the Reuters (British) news agency reported.

They were speeding, at the time, down the last lap of the \$50,000 air race, won today by C. W. A. Scott and Giles Guthrie. Scott and Guthrie noted their plane down at Johannesburg at 3:34 a. m. G. M. T. (4:34 a. m. C. S. T.) to win the \$20,000 special prize.

They completed the flight from England in 52 hours and 56 minutes, an average speed of 123 miles an hour. Winner of the \$15,000 handicap prize and first award will not be determined until the remaining fliers arrive and their times are figured.

Scott, winner of the England-Australia air race in 1934 with T. Campbell Black, moved into the van when Capt. S. S. Hales, pre-

See PLANE CRASH, Page 11

### PASSENGER AIRROUTE PLANNED FROM NEW YORK TO PHILIPPINE ISLANDS; FIRST FLIGHT SUNDAY

By CHARLES E. HARNER

Associated Press Staff Writer.

NEW YORK, Oct. 1.—(P)—The longest passenger air-tour ever attempted across territory under the American flag was being organized here today.

It is an air odyssey which will begin Sunday and go half-way around the world—commercial aviation's conquest of the air from New York to the Philippine Islands.

The tour is not an attempt to break records—its mission is to report the progress of American aviation—but the 10,700-mile journey will be accomplished in six days of travel.

The members of the tour will take part in the preliminary passenger flight of Pan American Airways across the Pacific Ocean, a survey of conditions which will be experienced by ordinary travelers when the line is opened for the first regular passenger flight to the Orient Oct. 21.

The flight, to be accomplished entirely by commercial transport planes flying on regular routes, opens an era in which American salesmen can reach their far eastern markets in the time it formerly took them to cross the continent.

The preliminary passenger fliers will return to San Francisco Oct. 20.

Plans for flying passengers across the Pacific began four years ago. The men who were to carry out the operation were given month after month of intensive schooling over the Caribbean and around South America.

Simultaneously, flying boat designs went into competition to develop a ship powerful enough to fly safely over Long Ocean stretches and still carry "pay loads."

### HEAVY DAMAGE TO BRIDGES REPORTED BY COMMISSIONERS

#### LEROY BARLOW IS NAMED ASSISTANT CRIMINAL DISTRICT ATTORNEY

LeRoy Barlow was named assistant criminal district attorney of Navarro county in an application from John R. Curington, criminal district attorney, approved by the commissioners court Thursday morning.

J. C. Rose who has resigned and has entered Cumberland University, Lebanon, Tenn. Barlow assumed his duties Thursday morning.

S. R. Faustett, superintendent of the Navarro county farm, was authorized to purchase ten mattresses and twenty-four blankets for use at the farm.

Commissioners from the four precincts reported numerous abutments to bridges on county roads were swept away by the floods of last week in addition to severe washing of roadbeds in numerous instances. The commissioners, however, had been able definitely to determine the extent of the damages pending a complete check-up as their crews have been unable to get to some of the bridges in the bottoms.

Commissioner Jack Megarity said that drifts and logs on the concrete slab in Richland creek

See BRIDGES, Page 2.

### REPORT DECLARES GIANT MILK CONCERNS USE BIG STICK FOR MAINTAINING OF PRICE LISTS

WASHINGTON, Oct. 1.—(P)—A story of big stick tactics by giant milk concerns to maintain list prices, of rebates to chain stores and of a "manipulation" maneuver in New York whereby certain dairy farmers receive the price of \$200,000 a year was told today in a federal trade commission report.

The commission also said it found evidence of price agreements between big firms and that the Borden company, one of the largest, "at times refrained from competing" with other companies.

The report dealt with conditions in the vast New York milk shed, and discussed nation-wide milk products concerns which have headquarters in New York City.

It was prepared in response to a congressional mandate to determine whether any concern is tending toward monopoly, competing unfairly or depressing the prices of dairy farmers receive. The New York milk shed comprises the State of New York and parts of

### NEW DEAL POLICIES TO BE ASSAILED BEFORE AND AFTER ROOSEVELT SPEECH TONIGHT

(By The Associated Press)

President Roosevelt carried his re-election campaign into West Virginia and Pennsylvania today, enroute to Pittsburgh for another major exposition of the new deal to be broadcast tonight.

Before and after he speaks, administration policies will be assailed on the air. Col. Frank Knox, republican vice-presidential nominee, also will precede the president with a talk from Pittsburgh; Alfred E. Smith will follow him immediately in addressing the Independent Coalition of American Women, which supports Landon and Knox, in New York.

A brief speech at a festival in Elkins, W. Va., first engaged the President. Platform appearances were scheduled as his train passed through Grafton, Fairmont and Morgantown, in West Virginia, and Connetquot, Pa. Last night he criticized "partisan hostility" to the social security act.

Among other developments, Earl Browder, communist presidential candidate, and four associates were released from jail in Terre Haute, Ind. Vagrancy charges had been filed yesterday when Browder arrived to make a speech.

Riding a cross-country rain from Denver, Herbert Hoover was due in Topeka today to confer with Governor Landon. At Denver last night Hoover criticized federal tax policies.

Stump fighting by other leaders continued, with Roosevelt supporters striking back at criticism of his farm policies. Hugh S. Johnson, former NRA chief, said a recent speech by George N. Peek was "the most unfaithful attack that has yet been launched at the President."

Secretary Wallace said the issue of disorder.

Summers that the capital's mobile guards were being reinforced were reflected in the senate debate, where speakers urged avoidance of the "psychosis of civil war."

Premiere Leon Blum announced he was leaving Paris tonight on a delayed journey to Geneva. Thus he indicated his confidence that the government's devaluation difficulties were ended.

The chamber finance committee accepted the compromise definite-

### LAWMAKERS REFUSE TO BE SPEEDED IN DELIBERATE WORK

#### THREE EFFORTS TO SPEED FLOOR ACTION ON TAX BILLS FAILED

AUSTIN, Oct. 1.—(P)—Three efforts to bring about speedy floor consideration of tax bills for old age pensions failed today in the house of representatives.

Separate motions to require the revenue and taxation committee to report all bills by tomorrow night, to report an oil tax increase by tonight and to report a salt tax bill by tonight, were defeated.

Advocates of the motions contended the house should begin work at once on the revenue proposals, pointing out that the senate could not consider them until the house acted. The 30-day special session was called primarily to raise revenue to finance pensions.

"The taxation committee has announced it will hold hearings through next Wednesday night," said Lon Alsop of Galveston. "At that rate two weeks of the session will be gone before we start arguing over the tax bills."

"In other words, you're for one session of thirty days instead of two of sixty," Speaker Coke Stevenson jokingly interposed.

"That's right," said Alsop. Representative Elmer Pope of Corpus Christi, opposing Alsop's motion for a report this week, remarked sarcastically he did not see why the committee would make recommendations on all the bills "right now."

Quick Action Declared

"The important unemployment insurance bill was voted out in a minute and a half," he said. Opponents of the motions contended persons affected by tax bills were entitled to a hearing before the house considered them. They pointed out that the revenue committee had already announced it would not begin hearings until Monday night.

Rep. George Davidson of Eastland was defeated in two attempts to obtain early consideration of his unemployment insurance bill. Davidson said the administration had announced it would not begin hearings until Monday night.

Rep. A. T. McKinney of Huntsville, chairman of the board of managers conducting an inquiry into the monetary situation, said meanwhile, good progress had been made.

Comptroller Is Questioned

## UNITED CHARITIES DRIVE FOR FUNDS IS NEARING GOAL

### MEETING OF ALL COMMITTEE HEADS CALLED FOR FRI- DAY MORNING

Festus A. Pierce, campaign director for the United Charities appeal for \$4,000 announced shortly before noon Thursday a total of \$3,715.57 had been received in cash and pledges, and that several committees were still canvassing their lists in hope of bringing the total to the drive goal.

Mr. Pierce is calling a meeting of all committee heads to meet at 10:30 Friday morning in the United Charities office, to make a final check-up on results of the drive.

He made an appeal to those persons who have not been seen in connection with the drive, or those who want to increase their contributions, to mail their checks to the United Charities office, or call someone connected with the drive, and the contributions will be called for.

Mr. Pierce pointed out only about \$300 of the amount raised today was in pledges, the remainder being cash. He hopes to be able to report at tomorrow's meeting the entire \$4,000 goal having been received.

## ROOSEVELT

(Continued from Page One)

by the federal government during the past three years.

"We evolved," he said, "a national wild life conservation program which proposed to provide sanctuary for the needs of wild life by purchase and retirement of agricultural lands, sub-marginal in character by the purchase of other suitable lands and by making generous allocations of public lands to be set aside as sanctuaries."

He also cited the migratory bird treaty with Mexico, the duck stamp bill, the co-ordination bill on game laws and the Robinson bill creating game sanctuaries.

He said he would continue his conservation policies in the "next four years" as the crowd laughed.

"No part of our conservation work is more important," he said, "than the protection of our wild life. It is a work into which we can all enter heart and soul, because there is no political partnership in activity whose object to preserve and restore the life of our great out of doors."

**ABOARD ROOSEVELT TRAIN EN ROUTE TO PITTSBURGH,** Oct. 1.—(P)—President Roosevelt carried his eastern campaign into West Virginia and Pennsylvania today after delivering an attack against critics of the social security act.

The President deplored what he termed "partisan hostility" to the law. His remarks were contained in a letter last night accepting the resignation of John G. Winant, former republican governor of New Hampshire, as chairman of the board charged with administering the law.

Winant resigned to carry on a speaking campaign against critics of the new deal law, including Governor Alf M. Landon, republican presidential nominee, who had termed it a "cruel hoax" on the working man.

The President said the "passion of a political campaign" had "fanned the flames of partisan hostility to this non-partisan legislation."

He told Winant he appreciated "the sense of public duty which impelled your resignation and your wish to be free as a citizen not simply to clear up misconceptions and misinterpretations of the act, but to defend the constructive provisions of the act and to oppose spurious substitutes."

"Like you, also," said Mr. Roosevelt's letter, "I have never assumed that the social security law was without fault. I had assumed and even hoped that time and experience might dictate many and important changes."

The act was conceived and passed by the congress as a humanitarian measure. Its passage transcends party lines. The opposition in both houses was, practically speaking, negligible. x x

Enroute to Pittsburgh for his first political speech since the Keystone state tonight at Forbes field the President arranged a 50-mile motor trip through West Virginia's national Forest park and a short speech at a forest festival at Elkins, W. Va., before making four rear room appearances in the afternoon and trying out the new loudspeaker equipment with which his train has been equipped.

The Pittsburgh address, to be broadcast nationally, was scheduled for between 8 and 8:30 p. m. Central Standard time.

Welcomed at Elkins. Oct. 1.—(P)—President Roosevelt's special train arrived at Elkins at 11:27 a. m. (eastern standard time) today. A crowd, including West Virginia notables, welcomed him at the railroad station.

## JOB INSURANCE

(Continued from Page One)

had sufficient time to find out whether they needed aid. He said that one man could investigate only 25 applicants a week on the average.

Of the 75,269 persons on the rolls September 1, Carpenter testified that 62,610 were natives whites, 748 Mexicans, 11,903 negroes and eight Indians.

No Discrimination. He said there was "no discrimination against negroes as such" but that the average monthly grant to native whites was \$16.48 and that to negroes \$11.84. The law directs the pension administration to consider the applicant's previous standard of living in determining the amount of his pension.

Only 224 of the 75,269 pensioners received the maximum of \$30 allowed by the state and federal governments, Carpenter said. Only four negroes were given as much as \$25 a month.

Carpenter categorically denied that pension employees participated in the political campaign last summer. Opponents of Governor Alfred charged that the pension organization was a political machine.

The house revenue and tax-

## Box Score:

Supreme Court--New Deal;  
Next Inning Opens Oct. 5.

**CHARLES EVANS HUGHES**  
Age, 74; New York; appointed by Hoover, February 3, 1930.  
**VOTED FOR:** Gold dollar revaluation, railroad pensions, TVA, municipal bankruptcy act, New York minimum wage law.  
**AGAINST:** NRA, farm mortgage act, "hot oil" regulation, AAA, Guffey coal act. (Upheld price fixing provisions of Guffey act but held labor provisions unconstitutional.)

**LOUIS DEMBITZ BRANDEIS**  
Age, 79; home, Massachusetts; appointed by Wilson, January 28, 1916.

Age, 77; home, Wyoming; appointed by Taft, December 18, 1910.  
**VOTED FOR:** TVA.  
**AGAINST:** Gold dollar revaluation, NRA, farm mortgage act, "hot oil" regulation, railroad pensions, AAA, Guffey coal act, municipal bankruptcy act, New York minimum wage law.

**OWEN J. ROBERTS**  
Age, 61; home, Pennsylvania; appointed by Hoover, May 9, 1930.  
**VOTED FOR:** Gold dollar revaluation, TVA.  
**AGAINST:** NRA, farm mortgage act, "hot oil" regulation, railroad pensions, AAA, Guffey coal act, municipal bankruptcy act, New York minimum wage law. (Pencil Portraits by George Schreiber)

WASHINGTON (P)—Litigation that may involve the constitutionality of nine New Deal laws faces the supreme court as it prepares for a new session.

On October 5 the nine justices, who have returned history-making decisions in the last three years, will reassemble for another "momentous" eight month term, following a summer recess.

**New Deal Loses Eleven.** Since the New Deal came into power, it has won two cases before the supreme court and lost 11.

Administration legislation involved in the pending disputes includes the Wagner labor relations act, provisions of the National Industrial Recovery act and the 1935 emergency relief act providing money for publicly-owned hydroelectric projects and the public utility holding company measure. Another case involves the Frazier-Lemke farm mortgage moratorium law, although this cannot be classed as a New Deal measure.

termining the amount of his pension.

## BOTH MENTORS TO MAKE CHANGES IN LINEUPS THIS WEEK

**SPECIAL COTTON BELT LINES  
TRAIN WILL BRING THE  
TYLER CROWD HERE**

Coaches John A. Pierce of Corsicana and Rufus King of Tyler sent their charges through signal drills Thursday afternoon as they concluded practice sessions for one of the annual colorful non-conference tilts between two strong high school combinations. The Lions and Tigers will clash on Tiger field here Friday night at 7:45 o'clock.

Tyler fandom, 350 strong, will arrive in Corsicana on a special Cotton Belt Lines train at 7:15 o'clock. The special will proceed to Thirtieth street where the East Texans will walk the short remaining distance to the site of the hostilities. The return trip to Tyler will start immediately after the conclusion of the game.

The Tyler special will make a stop in Athens and a number of Henderson county enthusiasts will make the trip here.

**Lions Train Hard.**

Reports from Tyler are to the effect that several changes have been made by Coach King in the lineup of the Lions as compared with the one that opposed the Port Arthur Yellow Jackets in Port Arthur last week. King has been fashioning a defense for the Bengals stressing deception in his offensive workouts, something he hasn't tried to use thus far this season. Assistant Coach Neeley scouted the Corsicana-Highland Park game two weeks ago and has been fashioning a defense for the Bengals stressing deception in his offensive workouts, something he hasn't tried to use thus far this season. Assistant Coach Neeley scouted the Corsicana-Highland Park game two weeks ago and has been fashioning a defense for the Bengals stressing deception in his offensive workouts, something he hasn't tried to use thus far this season.

**Lion Lineup.**

The Tyler team, starting lineup, will average 163 pounds. The backfield averages 158 while the line is about 165. The twenty-seven boys on the Tyler traveling squad average 157 pounds.

Meanwhile the Bengals have not been idle this week. Frequent shifts of players and positions have been made as the Tiger coaches seek a clicking combination. Whether the regular starters will take the field at the kick-off remains to be seen. Coach Pierce has indicated that new faces will be in the lineup against the East Texans.

The probable starting lineup of Tyler is Mumford, 150, and Powell, 141, ends; Bickey, 182, and Peacock, 216, tackles; Johnson, 163, and Reynolds, 148, guards; Clyde 159, center; Orblison, 140, quarterback; Mize, 174, and Tucker, 154, halves; Odum, 165, fullback.

Coach Pierce stated Thursday morning that he did not know who would start Friday night.

Officials to work the contest will be Ab Curtis Texas, referee; Ralph Wolfe, Baylor, umpire; and Bud Price, Trinity, head linesman.

## Levee South Kerens Broken on Monday

KERENS, Sept. 29.—(Sp.)—The levee on District No. 9, located about 10 miles south of Kerens, broke at 2:30 Monday afternoon, flooding some of the richest farming land of this section. An estimate of the damage has not been made, but one landowner reported the loss of 25 bales of cotton and 3000 bushels of corn.

There was no loss of life and no one rendered homeless as all homes in this levee district are located above high water marks.

Levee District No. 9 was built several years ago to protect farming lands from the overflows on

## TEXAS CRUDE ALLOWABLE FOR OCTOBER WAS SET AT HIGHER FIGURE THAN MONTH SEPTEMBER

AUSTIN, Sept. 29.—(P)—The railroad commission today set the allowable crude oil production for Texas in October at 1,179,948 barrels daily.

The allowable, effective Oct. 1, was \$474 barrels above the basic allowable for September, and 734.8 barrels more than the estimate by the Federal Bureau of Mines of demand for Texas oil in October.

The factor of 2.32 per cent of the hourly potential, on which production of the big East Texas field is figured was left unchanged. On Sept. 26 allowable production was 436,281 barrels daily, having increased slightly from the 434,000 barrels authorized on Sept. 1.

Ernest O. Thompson, chairman of the commission, said the Bureau of Mines, in estimating demand for the country, had discriminated against Texas, which stood in a fair way to lose some of its foreign as well as national markets.

"This is a burning question which will come up at the next meeting of the interstate compact commission in Oklahoma City next Friday," he said.

Thompson said the Bureau of Mines had figured a reduction of 21,700 barrels daily for the month of which it allocated 17,000 barrels to Texas.

"This despite the fact Texas produces 43 per cent of the nation's crude," he said.

He said stocks had been reduced to the long desired point where current production meets current consumption and the industry has only 86 days supply on hand.

Announcing the new order authorized an increase of 5,000 barrels daily in the allowable for Pure Oil Company, he displayed a telegram saying that company had found it necessary to purchase crude from Oklahoma and Michigan.

"If Oklahoma thinks it can take the Texas market," he said, "it has another thing coming."

New allowances by districts, other than East Texas, with the changes: Panhandle 61,170 barrels daily, up 1,020; North Texas 58,780, up 1,020; West Texas 58,397, up 1,653; West Texas 151,054, up 10,134; East Central 55,405, up 8,410; Rodessa 11,700, up 4,450; Southwest Texas 169,529, up 13,896; Gulf Coast, 173,481, up 6,819.

## ANOTHER EPISODE IN POST-WAR FINANCIAL TROUBLES BELIEVED ENDED WITH FRANC DEVALUED

By The Associated Press.

The French chamber of deputies approved today adjustment of the French franc with the British pound and the United States dollar as the world's financial capital prepared for the end of another episode in turbulent post-war finance.

A flexible, but controlled ratio between the dollar and the pound, rather than an iron-clad figure was believed in Washington to be the probable aim of the tri-power agreement among the United States, France and Great Britain. The Italian cabinet met in Rome with Premier Mussolini to draft an announcement on the lira which, well informed sources believed, might divulge, a two-fold purpose: To protect the lira's internal value and to lower it for international markets.

In New York, meanwhile, early stock exchange transactions followed an indecisive price trend and, in London, the American dollar improved to \$4.93 1/4 after opening at \$4.94. The close for the pound sterling in New York Monday was \$4.94 3/4.

The French chamber immediately sent the devaluation measure which lowers the gold content of the franc by between one-quarter and one-third, to the senate where it was introduced by Vincent Auriol, minister of finance.

Exportation and importation of gold was prohibited after the chamber session by a decree, which became effective immediately, published in the official journal.

Secretary of the Treasury Morgenthau, at a press conference yesterday, touched on the war debt problem but said the tri-power monetary agreement had not involved those obligations.

W. P. A. Aid Available.

WASHINGTON, Sept. 29.—(P)—Senator Connally said today the Works Progress Administration had advised him it had issued orders to rush supplies and additional labor to flood-stricken Waco, Texas.

Connally, who asked the WPA from Pittsburgh today to take every step necessary to meet the situation, said WPA officials were authorized to meet any emergency their own surveys showed was necessary and added they had general orders to "preserve life, property and public health."

Chamber creek. This creek is reported to be higher at this time than in the past 15 years.

## HIGHWAY 75 NORTH OPENED TO TRAFFIC WEDNESDAY MORNING

Streams in all sections of Navarro county with the exception of the extreme southeastern corner were rapidly returning to normal Wednesday after causing losses estimated in excess of a half million dollars. Traffic was restored to Highway 75 about 7 a. m. after being suspended for nearly 60 hours because of high waters resulting from breaks in the levees in Chambers creek bottom.

**Pavement Undamaged.**

No damage was reported to the pavement of Highway 75, although the east shoulder of the road for several hundred yards was badly scoured, some of the potholes being four feet or more deep. For a quarter of a mile or more on the east side of the road heavy silt deposits were left by the strong currents that swept across the pavement for many hours directly from the largest break in the levees. The silt in places was four feet or more deep.

The pavement was cleaned be-

fore traffic was permitted back on its surface, and guard posts were set up on the shoulders near the scoured areas.

Traffic to the east of Corsicana was threatened Tuesday night for several hours by the sudden rise of Cedar creek between Trinidad and Athens as a result of heavy rains near Kaufman over the weekend. Cotton Belt Railway officials reported that the waters reached their crest about 5 a. m. Wednesday after reaching almost a record height, and halted within 12 inches of the rails.

**Loss Is Heavy.**

Veteran observers indicated Wednesday that an unusually large area in Southeastern Navarro and Northeastern Freestone counties would be inundated by the flood waters with the Trinity running bank full, and holding back Cedar creek waters while the combined flood burdens of Richland and Chambers creeks attempting to flow into a full channel.

With reports of damage and losses continuing to trickle in from various sections of the county, observers estimated that Navarro county's losses would run in excess of a half million dollars, with crop losses approximating \$250,000, levee damages some \$100,000, and feed, livestock and other damages running near the \$200,000 level. It was expected that several days

would be required to secure sufficient information for an accurate estimate of the total damage.

**Three Lost In Snowstorm.**

ALBUQUERQUE, N. M., Sept. 29.—(P)—Two searching parties renewed at daybreak the quest for three pinon nut gatherers, who became lost in New Mexico mountains during a snow storm Saturday.

Authorities established last night that the companion of 12-year old Jose Chavez, had not become separated with the youth from the main party of pinon harvesters in the Sandia mountains east of here.

Belief was expressed by Sept. C. C. Mason of the Juan Tabo forest service camp, one of the search party's leaders, the youth might have been caught in a land slide in Juan Tabo canyon, which carried tons of granite boulders with it as it crashed early Sunday.

Meantime, searches for Facundo Romero, 50, and his son Pedro 13, southwest of Santa Fe, expressed doubt the pair would be found alive. They said a member of the family informed them the two were scantily clad when they started in the warm sunshine Saturday morning.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

**Mildred**  
MILDRED, Oct. 1.—(Spl.)—We had quite a bit of rain in this community, which was followed by a light norther Sunday night.

Miss Hash, one of the grammar school teachers, was on the sick list Monday.

Mr. and Mrs. R. L. Ellis were Corsicana visitors Monday afternoon.

Miss Helen Brown, who is attending school at Gladewater, and Mr. and Mrs. Elton Boyd and family of Gladewater spent Friday night with Mr. and Mrs. D. F. Brown.

M. H. Wright was a Corsicana visitor Saturday.

Mr. and Mrs. T. A. Phillips spent the week-end with Mr. and Mrs. Reed Phillips of Oak Valley.

Mr. and Mrs. Lloyd Burton of Phillips Chapel were Mildred visitors Sunday.

Charlie Gunlock of Breckenridge is visiting Mr. and Mrs. Calvin Ross and family.

Mrs. K. B. Perry has been on the sick list.

Mr. and Mrs. Elton Boyd and Misses Cleo and Helen Brown visited Mr. and Mrs. J. D. Brown of Purvis Saturday morning.

Mr. and Mrs. Victor Wright were Corsicana visitors Wednesday.

**Angus**  
ANGUS, Oct. 1.—(Spl.)—School started Monday morning with a good attendance.

M. F. Stewart, who was operated upon at the Navarro Clinic, has been brought home.

Mr. and Mrs. O. L. Pitts of Corsicana spent Sunday with her parents, Mr. and Mrs. D. C. Bray.

Mr. and Mrs. Fred Ware and family and Mr. and Mrs. Lee Roy Ware of Corsicana visited their parents, Mr. and Mrs. Tom Ware, Sunday.

Mr. and Mrs. Aubrey Jones of Mildred visited her parents, Mr. and Mrs. W. G. Fowler, Tuesday.

Mr. and Mrs. Roger Soupe of Gladewater visited his sister, Mrs. D. C. Bray, Tuesday afternoon.

Mr. and Mrs. R. G. Jones and family, Mrs. Henry Frazier, Mr. and Mrs. Edd Reed and family and Ernest Stewart attended the centennial in Dallas Saturday.

**Corporation Court.**  
Two charges of indecent exposure, two of theft one of running two red lights and having no driver's license, and one of assault brought offenders before Judge A. H. Willie in Corsicana Corporation Court Thursday morning.

## DASHING, GENERAL-PURPOSE FROCK DEMANDS SERVICEABLE FABRIC

Pattern 4059

by Anne Adams

Behold this latest Fall recruit, for there's a straightforwardness, a chic simplicity about this newest Anne Adams design, Pattern 4059, that's sure to command attention, whether in the classroom, office or friendly circle. The very simplicity of this pattern will make you itch to get started, even though you've never made a frock before, for with the step-by-step sewing instructions that accompany this pattern, it's easy to cut, stitch and finish in record time. See, that smooth front panel is all one piece and see how alluringly the sleeves fall out above the slender wrist. Fabrics sure to give fitness are wool, cotton, tweed, jersey and crepe.

Pattern 4059 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 2-4 yards 54 inch fabric.

Send Fifteen cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write name, address and style number.

**BE SURE TO STATE SIZE**  
Just out! Our new Anne Adams Pattern Book, presenting the smartest in Fall fashions, the latest in frocks, fabrics and gift suggestions. You'll find glamorous gowns or after-dusk, alluring daytime models, cheery house-dresses and kiddie clothes. Styles, too, for the "would-be slender" woman, and the girl-away-at-school. Send for it today. Fifteen cents. Twenty-five cents for both when ordered together.

Address orders to the Daily Sun, Pattern Department, 243 W. 17th St., New York, N. Y.

## Rice

RICE, Oct. 1.—(Spl.)—School is moving along nicely. The Tupelo school has been transferred to Rice this year. Rev. G. C. Henry is driving the bus. The two new teachers are Miss Mary Mel Lockhart and Miss Finch. We have one more teacher than we had last year.

The P. T. A. met last Tuesday in the first meeting of this year. The president, Mrs. J. K. Bradley, is urging all who are interested in the school to come and take part.

Mr. and Mrs. E. G. Goodwyn had all of their children and grandchildren as guests over Sunday. They are: Mr. and Mrs. W. A. Harrison and children, W. A. Jr. and Bobby and Grafton Goodwyn, of Dallas; Mr. and Mrs. F. W. Goodwyn of Garhage and Mr. and Mrs. H. E. Redden and children, Julia Mae, Geraldine and Irene, of Corsicana.

Miss Doris Fortson has been at home several days on account of illness. She attends school in Dallas.

Mrs. Bob Mahaley and Mrs. Rush Green are visiting relatives in Alabama.

The traffic on Highway 75 between Rice and Corsicana has stopped since Sunday night. The heavy rains caused one of the levees on the creek to break, the water is several feet over the concrete. Several families had to move out of the bottom. A few boats are in boats.

Rev. G. C. Henry, Mrs. J. R. Pollan, Mrs. T. Y. Allen, Mrs. S. Miles, Mrs. J. C. Duker, Mrs. A. E. Turner, Mrs. Jim Hays, Miss Tommie Eason and Mrs. L. R. Hall attended the Baptist women's missionary union in Corsicana last Tuesday. The union will meet with the Rice society the second Tuesday in December.

Mr. W. Pollan of College Station was at home for the week-end.

Forest Blount of Dallas spent a few days last week at home.

## Powell

POWELL, Oct. 1.—(Spl.)—The Latin club of Powell High school had its first meeting of the year Tuesday night at 12:20. The election of club officers was the most important business item brought before the group. The following officers were elected: President, Willie Ware; vice president, Maurine Talley; secretary, Pauline Massey; treasurer, Doris Bray; reporter, Magdalen Holley. The club decided to hold meetings twice each month the second and fourth Friday nights. Other questions to be decided now and that time. Each class in high school and the seventh grade have nominated a candidate. Much work is being done.

Miss Leta Ferguson visited homefolks Sunday.

Mrs. G. Towns had as her visitor during the week-end Mrs. W. R. Bishop of Athens, and Mr. and Mrs. W. L. Love of Corbet.

Elzie Belle Russell of Barry and Susie Belle Ainsworth of Powell spent the week-end in the home of Mr. and Mrs. W. B. Ware.

Mr. and Mrs. Edward L. Blansitt and son visited near Mabank Sunday.

Mr. and Mrs. R. E. Bush were Roano visitors Monday.

Students who have recently entered the local high school from Roano are: Rudolph Curry, Maurine Holley and Frankie Mae Pope. The entire student body has been glad to welcome these students into the local school.

Mrs. V. T. Haynie and Mrs. E. L. Blansitt were Corsicana visitors Tuesday afternoon.

Mr. and Mrs. E. L. Blansitt and daughters, Minnie Beth and Vivian, and Janet Stone attended services at the Church of Christ in Corsicana Sunday.

Due to the importance of this production and the length it will be necessary to give only three shows Sunday and two shows Monday. Sunday—Matinee shows begin at 2 and 5, Sunday night performance at 8. Monday matinee performance begins at 3, and night performance at 8. Sunday prices—10c, 35c, 40c. Monday matinee—10c, 25c, 35c. Monday night—10c, 35c, 40c.

## Teague Lions Will Meet Rusk Friday; Ennis Is Favorite

TEAGUE, Oct. 1.—(Spl.)—An improving, but still weak, Teague eleven will be seeking its first score of the 1936 season Friday night, when the Rusk charges of Bill McCluney play host to the Lions of Bryan, Schley and William Crane. Blanked in their first two contests with the Mart Panthers and the Belton Tigers, the Lions have been working on a scoring punch this week as well as stressing defense.

No more injuries have arrived to plague the Teague members in their attempt to fashion a dependable starting lineup, but four members of the squad have missed practice all week due to illness. Sid Terry, starting guard, Wartah Seely, Ergil Bickerstaff and Verdis Isham are the ailing quartet. Co-captain Cox has been nursing a sore arm, but is expected to play his usual 60 minutes in the Rusk game.

Five backs have been "pouring it on" this week and from scrimmage results are expected to furnish more opposition against the Rusk eleven than they have been.

Captain Elia Gibson, James Goolsby, Chip Adams, H. P. Kitchner and Billy Elliott from the ball carrying division. Goolsby, playing his first year, is learning to use his power well, and when the district games roll along, is likely to remind Teague fans of other line-plungers who live in their hearts, Botter, Lancaster and Lambeth.

Teague's first district tilt will be on Oct. 16, when the strong Ennis Lions entertain them in Ennis. At the present writing, the Ennis county club appears headed for another title, with the Homes of Corsicana as chief challengers.

## House Argues Over Communism Goblin Thursday

AUSTIN, Oct. 1.—(P)—Members of the Texas house of representatives plunged into a heated argument today over rumored teaching of communism in state colleges.

The debate was on a resolution calling for a legislative investigation of reported spread of communism in state institutions.

Rep. Joe Caldwell of Asherton said he had documentary evidence, which, if it was not forged, showed that faculty members in state colleges were teaching communism.

"They are attracting to their support," he said, "young zealots who determine to devote their lives to the furtherance of communist doctrine."

Caldwell said later under questioning that only one professor was "shown conclusively" by the documentary evidence to be teaching communism.

Opponents of the resolution contended it was inspired by those fighting President Roosevelt and was an echo of charges being made in the national campaign. Action on the proposed investigation was deferred.

## Navarro Democratic Women to Hold Its Business Session

The Navarro Democratic Women's Association will hold its regular business meeting Saturday, October 3, at 3:30 p. m. in the American Legion club rooms at the court house.

Many interesting and important matters are to be brought up and a very important announcement is to be made, so a large attendance is urged.

New members will be welcomed at each meeting.

## Barry

BARRY, Oct. 1.—(Spl.)—Miss Gladys Varnell, Mrs. J. N. Immon and Mr. and Mrs. Tracy Varnell attended the flower and style show at the centennial Wednesday night.

Miss Juanita McCarty of Blooming Grove spent the week-end in Barry.

Klimes Boswell of A. and M. college spent a few days with home folks recently.

The "Thursday Night Bridge Club" began its regular meetings at Mrs. W. T. Varnell's on Friday night. High score was won by Alvis Bourland.

The parent-teachers' association met at the school building Tuesday afternoon and started plans for their annual carnival to be held on Halloween night.

Marshall Masengale visited friends and relatives here over the week-end.

Mrs. J. N. Garrett of Waco visited her mother, Mrs. J. J. Varnell, last week.

Mrs. Lena Caldwell of Huntington Beach, Calif., is visiting her nephew, Glen Bell, this week.

Mrs. J. J. Varnell is visiting her daughter in Purdon.

## HOUSE TAKES STEPS DELVE INTO OLD AGE PENSION SITUATION

### RESOLVES ITSELF INTO COM- MITTEE OF WHOLE TO IN- VESTIGATE MATTER

AUSTIN, Sept. 29.—(P)—The Texas house voted today to resolve itself into a committee of the whole to investigate the old age pension administration and ascertain the revenue needs for maintenance of the pension program.

The resolution was offered by Rep. A. T. McKinney of Huntsville, who said its primary purpose was to obtain facts to guide the legislature in levying taxes for pensions.

It was adopted, 80 to 48, notwithstanding protests of some that the investigation would delay the raising of revenue, the purpose for which the session was called.

Rep. Clarence Farmer of Fort Worth, supporting the resolution, charged the pension administration's "disregard" of that section of the law providing for local pension authorities to determine the amounts of grants was "worthy of impeachment."

**Urges Commission Probe.**  
A house committee investigation of "rumored" teaching of communism in state colleges was proposed in a resolution by Rep. Joe Caldwell of Asherton. Speaker Coke Stevenson indicated he might rule the resolution out of order on the ground it was not a subject within the governor's call.

Caldwell said it had been rumored throughout the state that certain institutions of higher learning are permitting the teaching of communism, atheism and other un-American and subversive theories and doctrines to the youth of our state, and that the spread of such teachings is promoted through school organizations, political organizations and social groups as well as in the classrooms of our colleges.

"The verity of such rumors," he said, "should be ascertained by the legislature in order that steps may be taken to correct such situation if it exists, and the rumors should be branded as false if they are found to be untrue."

The committee would consist of five representatives appointed by the speaker.

**Newsman Is Eulogized.**  
The senate honored the memory of Eugene R. Millis, editorial writer of the Houston Chronicle who died recently, by adopting a resolution of condolence. Sen. Weaver Moore, author of the resolution, delivered an eulogy.

Senator Gordon M. Burns introduced a bill making the payment of taxes on the owner's rendition of Kerens, was a business visitor in Corsicana Wednesday afternoon.

## Eighteen Held On Federal Charges In Tyler Sector

DALLAS, Sept. 29.—(P)—Forrest V. Sorrels, U. S. secret service agent in charge of the Dallas district, said operatives arrested 18 persons in East Texas yesterday on suspicion of falsifying to obtain government loans, forging government checks and counterfeiting.

He said nine negroes were taken at the Jerusalem community near Palestine and would be arranged before U. S. Commissioner Allie Noble in Tyler next Monday on various charges of fraud in connection with government loans.

He said three Palestine negroes would face charges of forging a bonus check for \$500. Sorrels said his agents picked up two men in Tyler accused of counterfeiting quarters, and a man and his son in Van for investigation of similar activities.

He said the list of arrests included a former WPA foreman at Tyler, held for forging four U. S. Treasury checks.

## Rice Student At John Tarleton Is In Mixed Chorus

STEPHENVILLE, Sept. 30.—Bob Oliver, son of Mr. and Mrs. J. L. Oliver of Rice, Navarro county, is singing this year in the John Tarleton College mixed chorus, which, under its new director, R. Berton Coffin, is rapidly working up a repertoire including compositions of four to eight parts. Mr. Coffin said this week that the chorus will start work soon on an operetta.

local authorities. It was referred to committee.

A resolution to include among free textbooks for school children, books on music reading, courses was introduced by Senator E. M. Davis and referred to the education committee.

Senator K. M. Reagan introduced his successor in the senate for the regular term, H. L. Winfield of Fort Stockton, who made a short address.

The senate adjourned until 10 o'clock tomorrow.

**Allred Defends Plan.**  
AUSTIN, Sept. 29.—(P)—Governor Allred said today that many legislators had told him they favored his proposal that the pension fund borrow \$3,000,000 of highway department revenues.

"I don't know where else we could turn to get the pension funds which we must have before the new tax program," the chief executive said. "Eating is more important than riding."

Bud Burleson, deputy constable of Kerens, was a business visitor in Corsicana Wednesday afternoon.

## AWARDS ANNOUNCED IN BEAUTIFICATION PLANS FOR KERENS

KERENS, Sept. 30.—(Spl.)—The committee chosen to select the home and filling station which was most attractive and well kept in Kerens decided upon the following:

Filling Station—Wayne Foster Smith Home (white) — Mrs. Charles Cherry, Sr.  
Home (colored)—Reg. Powell. Kerens has several well kept filling stations where flowers and scrubbery have been planted by the owners. In this instance it was hard to decide which should be selected. In the case of the two homes the decision was unanimous. These three awards are a part of the beautification campaign whose purpose was to make Kerens a cleaner and more attractive town.

**Personal.**  
KERENS, Sept. 30.—(Spl.)—Mr. and Mrs. Roy Cloud spent Sunday in Denton with relatives.

Lacy Garrett, Mrs. Hazel McClung, Mrs. Anna Daniel, Ann Talley and Jerry Daniel, Jr., visited Sam Garrett, Ash McClung and Theo Daniel at A. and M. College Sunday.

Mrs. Mittie Holland of Walnut Springs and Mrs. Gertrude Longbaugh of Seattle, Wash., are visiting their nephew, M. R. Albritton, and family this week.

Misses Lella Clyde Owen and Lounell Chapman of Trinity University spent the week end in Kerens with home folks.

Mr. and Mrs. Will Talley and Rev. C. E. Wilkins were Corsicana visitors Tuesday afternoon.

Mr. and Mrs. Jack Walker of Mildred were Kerens visitors Saturday.

Mrs. Russell Carroll spent the first of the week in Dallas with her mother, Mrs. M. L. Ferguson.

Mr. and Mrs. Harry Conner visited in Tyler Sunday.

Mrs. Herman Hall and daughter, Anita, were Dallas visitors Tuesday.

Mr. and Mrs. Roy Scarbrough and Big Scarbrough spent Sunday in Corsicana with their sister, Mrs. Elmer Norris.

Mr. and Mrs. A. R. Carroll visited her parents, Mr. and Mrs. J. A. Peek, in Denton Sunday.

Mrs. Sam Stogner spent last week in Dallas with her mother, Mrs. Ella Keaton.

Mr. and Mrs. E. E. Williamson and Noel Brister returned home Tuesday from San Angelo, where they spent the week end.

## Eight are Held At Galveston In Raids

GALVESTON, Sept. 29.—(P)—Eight men arrested Sunday night in connection with the nationwide roundup of narcotic addicts and peddlers will be arraigned before U. S. Com. Noble Carl here this afternoon when charges will be filed against them. Federal officers seized 2200 grains of narcotics valued at \$1100 in making the arrests.

versity spent the week end in Kerens with home folks.

Mr. and Mrs. Will Talley and Rev. C. E. Wilkins were Corsicana visitors Tuesday afternoon.

Mr. and Mrs. Jack Walker of Mildred were Kerens visitors Saturday.

Mrs. Russell Carroll spent the first of the week in Dallas with her mother, Mrs. M. L. Ferguson.

Mr. and Mrs. Harry Conner visited in Tyler Sunday.

Mrs. Herman Hall and daughter, Anita, were Dallas visitors Tuesday.

Mr. and Mrs. Roy Scarbrough and Big Scarbrough spent Sunday in Corsicana with their sister, Mrs. Elmer Norris.

Mr. and Mrs. A. R. Carroll visited her parents, Mr. and Mrs. J. A. Peek, in Denton Sunday.

Mrs. Sam Stogner spent last week in Dallas with her mother, Mrs. Ella Keaton.

Mr. and Mrs. E. E. Williamson and Noel Brister returned home Tuesday from San Angelo, where they spent the week end.

L. A. Pugh and Misses Ara Dawn Arnold and Audrey Overton spent Sunday at the Frontier Centennial in Fort Worth.

Howell Brister made a business trip to Corsicana Tuesday.

Mrs. T. A. Crowley is reported to be seriously ill at this time.

W. H. Fincher, aged 40 years, Ennis, truck driver for J. R. Williams of Ennis, died in the P. and S. Hospital about 8 o'clock Wednesday morning from injuries and burns sustained five hours earlier when his truck plunged headlong into an embankment at the intersection of North Beaton street and the tie-in road from Highway 75. The truck, heavily loaded with pork and beans, officers reported, plunged into the embankment and the front end was driven several feet into the bank on the west side of the road, the load slipping forward and turning over, pinning the victim in the flaming vehicle.

## TRUCK DRIVER IS KILLED AS RESULT OF HIGHWAY CRASH

### VEHICLE PLUNGED INTO EM- BANKMENT AND BURST INTO FLAMES

It was with considerable difficulty that ambulance drivers and others extricated the badly injured and burned man from his machine. Witnesses said that the heat was so intense that the cans of food were bursting. Cars were hurled a considerable distance by the impact.

Officers said that the driver had been turned off Highway 75, north of Corsicana, at the tie-in road due to high waters and had been routed over to the North Beaton street pavement and thence to Ennis via Em-house, the old route of the highway before the construction of

Highway 75 north. It is thought that the driver forgot the turn or was not familiar with the intersection and the truck got from under control.

Fincher's death is the seventeenth highway fatality in Navarro county since January 1, this year.

The body was taken to Ennis Wednesday morning for burial by the Keefer Funeral Home.

A Corley ambulance rushed the critically injured man to the hospital.

Surviving are his wife and several children.

## NEW STREAMLINE BURLINGTON TRAIN MAKES INITIAL RUN

Making its first unofficial run between Fort Worth and Houston, the Sam Houston Zephyr, the Burlington-Rock Island's new Diesel-powered streamline train, visited Corsicana shortly after 10 o'clock Wednesday morning and the official party was joined here by Lowry Martin, business manager of the Sun-Light Publishing Company, for the remainder of the trip to the Bayou City.

The crack train will be placed in service Thursday on its new official schedule making the distance between Fort Worth and Houston via Dallas, Waxahachie,

Corsicana and Teague in four hours and ten minutes, cutting more than an hour off the best schedules operated at present.

The official party on board the train was headed by Ralph Budd, president of the Burlington Lines, and included in addition to the company head and Mr. Martin, E. Flynn, executive vice president in charge of traffic of the Burlington; F. R. Givley, vice president in charge of operations; Gen. John A. Hulen of Fort Worth, president Burlington-Rock Island; John Farrington, vice president of the Rock Island Lines, and other Rock Island officials.

**Navarro Countians Run Paper.**  
WAXAHACHIE, Sept. 30.—Ralph Gant of Frost has been named business manager of the Trintion-Unity, student weekly, Trinity University. Gant teams with George Collins of Kerens, editor-in-chief, to run the affairs of the newspaper.

## THE SPANISH REBELLION

Whatever one's sympathies in that bloody Spanish war, it is just as well not to forget that it is a war between a legitimately elected government and a political minority that "couldn't take it."

The facts were made very plain in a recent dispatch from Walter Duranty of the New York Times, ace of our foreign correspondents, to the North American Newspaper Alliance. He tells very clearly how the Spanish people last February voted for "a left democratic government to replace the right center oligarchy which had held power since the death of Primo de Rivera." It was a free election, he says, and the verdict was unmistakable.

The new government started by voting amnesty for thousands of political prisoners, and then "some-what cautiously began a program of social reform." The new regime, says Duranty, "did not contain a single Socialist, Anarchist or Communist."

Conditions were much like those in Russia before the Bolshevik revolution, or in France before the French revolution. There was great poverty and exploitation, with a helpless proletariat, and a small class owning and controlling most of the country's land and other wealth.

The world knows what happened then. Powerful business magnates, landholders and other groups, with the aid of the army, organized a revolt and tried to seize the government and install a Fascist regime. That rebellion grew quickly into a civil war ferocious beyond anything since the French revolution.

Both sides now have committed so many crimes against civilization that both, perhaps, have forfeited the right to neutral sympathy. Yet it is well, for the sake of historic truth and justice, to remember who launched the strife that is destroying Spain.

## INTERNATIONAL ARMAMENT.

International business today has many difficulties, but the arms industry seems to continue international in spite of everything. The powers of Europe, while deploring the civil war in Spain and making a great flourish about keeping out of it, have been selling munitions in Spain just the same—and selling them rather impartially to both sides. Governments say this is done by private business, but they know what is going on and could stop it if they chose.

To a merely logical mind, the extent to which hypocrisy is carried is incredible. An American correspondent reports that "Germany, although terrified by thoughts of Russian aggression, impudently continues to sell to them the machines indispensable in the manufacture of armament." The German government has even lent Russia money to buy German machinery to make guns that may be used to kill Germans. In the Ethiopian war, Great Britain, while laboring diplomatically to checkmate Italy, did not prevent British war supplies from reaching the Italian army. It is well known that in the World War, soldiers from various countries were killed by shells made by their fellow-countrymen.

## JUST FOLKS

(Copyright, 1936, Edgar A. Guest.)

**DEVIL'S CAKE.**  
Do you know a food called devil's cake, the body of which is brown  
With chocolate frosting in between  
on top and all up and down?  
Well, time was that was my favorite  
sweet as I finished my cup of tea,  
And Nellie made one in the golden  
days of our honeymoon  
for me.

"Oh my!" said I, "but that cake is good! Just pass me another slice."  
And my Nellie smiled as she whispered low, "I'm glad that you think it nice."  
But I was merely a bridegroom then knowing little of women's ways,  
And never dreamed I should see  
the day I regretted those words of praise.

The following noon it was devil's cake and again for the evening tea.  
Day after day she made devil's cake, as proof of her love for me.  
Till stuffed and gorged with that infamous stuff in a righteous wrath I rose.  
And shouted "I'm finished with devil's cake henceforth till my life shall close!"

Oh hostess, last night at your festive board I bothered her peace of mind.  
She says I was churlish and very rude as your devil's cake I declined.  
She tells me I snarled at the serving maid. If so, here's my deep regret.  
But once I was sickened of devil's cake, and I haven't recovered yet.

## BAITING RUSSIA

Granting that Hitler has accomplished wonders in Germany, raising the spirit of the people, restoring unity and setting them to work again in a new effort to rebuild their shattered national life, it is still hard for disinterested outsiders to regard him as a responsible statesman. Again and again, just as the world has begun to think that perhaps, after all, he knows what he is doing and can pursue a rational, statesmanlike course, he breaks out in some such folly as his recent tirade against Russia.

As if it were not enough to insult the Russian government and Russian people by calling them slaves and "flops," he indulges in thinly veiled threats to seize their territory. "If I had the Urals," he shouted, "if I had the Ukraine, National Socialist Germany would be swimming in surplus prosperity." He held forth to his own followers a picture of conquest, and shouted, "I am not afraid that when the decision comes, it will find me strong."

This is the ranting of a great orator who, as he has said, "thinks with his blood." But it would take a sea of blood to conquer Russia. That nation, far more numerous than Germany, with immensely more resources, is no longer the Russia of the czars.

Baiting the Russian Bear never was a safe sport, even in its primitive era. Mechanized and modernized Russia apparently is not seeking war, either with Germany or Japan. If attacked, she might resist both of them together. By concentrating her force on the western front, she might complete the last German disaster, and destroy Germany.

## STEAM GIANT

Electric power may seem to be all-conquering, but steam isn't through yet. A locomotive delivered to the Union-Pacific, the first of an order of 15, measures 110 feet from end to end including the tender, weighs 432 tons without fuel or water, and has a firebox as big as a hotel bedroom. The actual dimensions of the grate are nine feet by twelve, and it is six and a half feet high—quite enough for a human occupant to walk around in.

That iron horse will pull 100 loaded cars, of the modern type, at a mile a minute.

If Isaac Watt, pattering with his little steam tractor, could have visioned that! Such a train will probably carry as much freight as the entire land transport system of the British Isles in his day.

## TWO ELECTIONS

New York stock market report of the Associated Press for the day after the Maine election said: "Gains and losses were equal at the close. Brokers said a notable feature of trading was the inability of traders to make up their

By Chamberlain

## DEMOCRACY

France, though governed today by a professional Socialist, seems to have become the most active champion of democracy in Europe. Premier Leon Blum, in his spirited reply to Hitler's attack on democracy at Nuremberg, spoke alike for freedom of individuals and nations.

"French peace," he declared, "assumes the quality of justice between big and little states as between individuals. It assumes fraternity, the progressive elimination of war, solidarity against any aggressor, and material and moral disarmament."

"It tends toward reconciliation, toward reciprocal understanding and toward cooperation among all peoples. Men who speak in the name of the French nation can witness for themselves that never has a word animated by any other spirit come from their mouths. This conception of peace is deduced from democratic doctrine."

"There exist in France undoubtedly civil divisions," says Blum. "It is not liberty, that endangers them, for they result from oppositions of thought and antagonisms of interest. But liberty permits their expression."

Thus France, along with Great Britain, Switzerland, and the Scandinavian countries and two or three other small nations, stands like a rock against such autocratic systems as those of Russia, Germany and Italy, and against both the radical and reactionary extremists now warring in Spain.

Democracy today stands in the middle of the road, assailed from both sides. But better than any other political philosophy, despite bragging of Fascists and Communists, it knows what it is doing and where it is going.

On the one hand, they said, was evidence of continuing business expansion and quickening industry. On the other were rapidly shifting cross-currents of financial sentiment incident to attempts to interpret the election."

It rather looks as if the country will have to hold a national election in November to determine, to everybody's satisfaction, just what that Maine election meant. And frequently the matter is already arranged.

## Courthouse News

District Clerk's Office.  
The following cases were filed:  
Albert Turner vs. Eva Turner, divorce.  
Valley Lou Henry vs. Jack Henry, divorce.

## County Court.

The jury for the week Monday was excused until Friday morning by C. E. McWilliams, county judge, as attorneys with cases set were unable to reach Corsicana Monday morning due to high water.

Notices and writs of election for the general election in November have been prepared by County Judge McWilliams and have been placed in the hands of the sheriff's department for posting.

Warranty Deed.  
Mrs. Mattie J. Knox, et al. to Minnie Johnson, part of block 329, Corsicana, \$5 and other considerations.

Marriage License.  
G. S. Bradley and Mary Opal Lamb.

Justice Court.  
One was fined on a vagrancy charge Monday by Judge W. T. McFadden.

Murder charges were filed before Judge W. T. McFadden Monday against Imogene Bradley, negro, and Sam Butler, negro, in connection with the fatal stabbing of Addie B. Boone, 17-year-old negro, during an altercation Saturday night on Commerce street. The wounded negro died a few minutes after being taken to the P. and S. Hospital. Officers said the complaint against Butler was filed for his alleged handling an open knife to Imogene Bradley during an altercation between the two negroes.

Odell Price of Preston county was named in complaints before Judge McFadden for alleged driving a car while intoxicated and for possession of liquor. The arrest was made on Highway 75 during the week-end by Deputy Sheriff J. M. Westbrook.

Lightning Burns  
Barn at Bazette

BAZETTE, Sept. 29.—(Spl.)—The barn of S. A. West, about one mile north of the Buffalo school house, was struck by lightning Saturday afternoon and burned down. A considerable amount of feed was in the barn.

## CALL MEETING TO CHECK RESULTS OF CHARITY CAMPAIGN

A week after the United Charities campaign for \$4,000 the amount estimated necessary to feed and clothe Corsicana's unfortunate persons this winter, several committees were still working their lists, and no figure was available at press hour Tuesday. Festus A. Pierce, campaign manager, reported shortly before noon yesterday that \$3,369.57 had been raised at that time, and those in charge of the drive expected the figure to reach \$3,600 before the final check-up.

Several additional donations had been reported today. Mr. Pierce is calling a meeting at 10:30 Friday morning in the United Charities office on South Main street, of the board of directors and the committee heads, to make a final check-up on results of the drive. He said today other matters pertaining to the winter's work will be taken up.

## HUBBARD STUDENT ELECTED PRESIDENT TRINITY JUNIORS

WAXAHACHIE, Sept. 30.—Buster Moore of Hubbard has been elected president of the junior class of Trinity University. Other officers include Bill Sunkel, Clarksville, vice president, and Tommie Jo Filppon, Ferris, secretary-treasurer.

Joe Champlion, Dawson, and Alice Wheatley, Waxahachie, will be intramural council representatives. Forrest Still and Irene Kiplinger, both of Waxahachie, and Lewis Emerick, Vernon, will represent the juniors on the student council.

## GRAND ENCAMPMENT TEXAS ODD FELLOWS TO MEET IN TEAGUE

MORE THAN FIVE HUNDRED PROMINENT MEMBERS OF ORDER EXPECTED

MEXIA, Sept. 30.—(Spl.)—More than 500 distinguished members of the Odd Fellows lodge in Texas are expected in Teague for three days, October 11, 12 and 13, for the annual grand encampment and colorful ceremonious attendant.

E. Guy LeStouffon, San Antonio, grand patriarch, and the full staff of grand officers as well as visitors from other states will be present for the three day gathering and attendant ceremonies.

While Sunday is set for the first day, lodge sessions begin with well-attended ceremonies Monday morning, Oct. 12, executive lodge meetings when the grand encampment degree will be conferred on all past chief patriarchs.

At 4 p. m. Monday at the ball park the Odd Fellows will confer the degree of Chief Patriarch.

At 7:30 the same evening at the city park in Teague the children from the Odd Fellows Home in Corsicana will give a program which will last for an hour and a half.

The encampment will elect officers on Monday when L. W. Marcos of San Antonio, now grand high priest, is scheduled for advancement to grand patriarch.

Officers of the Teague encampment No. 9, which has in its membership Odd Fellows from Limestone and Preston counties, are: R. A. Oglesbee, chief patriarch; A. J. Dunaway, high priest; B. H. Tyus, senior warden; J. T. Carlisle, junior warden; Asa Hartle, scribe, and Clint Henderson, treasurer.

The I. O. O. F. is now said to be the largest fraternal order in the world in point of membership. It is international in its scope.

Owen F. Watkins of Mexia is reported to give a program scheduled for the decoration of chivalry.

## AGED ROANE WOMAN DIED ON WEDNESDAY; FUNERAL THURSDAY

Mrs. Edith M. Burkholder, aged 77 years, native Texan, and resident of Navarro county for 51 years, died in the Roane community Wednesday morning at 7:30 o'clock. Funeral services will be held from the residence Thursday afternoon at 2 o'clock with interment in the Hamilton cemetery. The rites will be conducted by Rev. J. F. Prince, Baptist minister.

Surviving are two sons, J. D. Burkholder, Corsicana, and J. A. Burkholder, Kilgore, and seven grandchildren.

Funeral arrangements are being handled by the Corley Funeral Home.

Miss Maude Stroud Called to Tyler By Death of Brother

Miss Maude Stroud, who makes her home with her uncle and aunt, Mr. and Mrs. B. D. Pickens, 824 West Seventh avenue, was called to Tyler this morning by the death of her brother, Mr. George A. Stroud, who passed away Monday night, after a lingering illness, at the home of his brother, Mr. B. Stroud of Tyler.

The funeral services will be conducted Wednesday morning at 11 o'clock at the home, with interment in Tyler.

Miss Stroud has a host of warm friends who in extending deepest sympathy to her in the loss of her brother.

## JONES SAYS FARM AND GOODS PRICES ARE NEAR PARITY

CHICAGO, Sept. 29.—(AP)—Representative Marvin Jones, Texas Democrat and chairman of the house committee on agriculture, said in a statement issued today by the Roosevelt agricultural committee that farm prices and prices of goods purchased by farmers "are nearer to parity than at any time since 1929."

The Texas congressman said Chairman John Hamilton of the Republican national committee on Sunday made "a frank avowal that he believes that present farm prices are too high."

"Mr. Hamilton," said Representative Jones, "was quoted as advocating 'fair prices and full crops' but it is obvious that he thinks present farm price levels too high."

"Apparently Chairman Hamilton in advocating lower farm prices has abandoned all hope of obtaining the farm vote. But new promises of cheap food will not seduce city wage earners. They have learned from bitter experience that cheap food means low wages."

"If Chairman Hamilton in discussing farm prices and retail food prices would give specific data, his position would be more understandable."

## First Scheduled Trip Thursday Of New Zephyr Train

A number of Corsicana residents were at the Burlington-Rock Island station at 10:51 Thursday morning to greet the "Sam Houston Zephyr," new stream-line train on its first official scheduled trip.

Corsicana contributed its regular quota of two passengers for the remainder of the northbound trip. The train is scheduled to pass through Corsicana at 8:13 p. m. on its regular run to Houston.

Lowry Martin, business manager of the Sun-Light papers, was on board the Zephyr when it made its first unofficial run to Houston Wednesday during which it attained a speed of 97 miles per hour. He returned to Corsicana on the regular steam train Wednesday night.

## SINO-JAP

(Continued from Page One)

who arrived at Shanghai on the U. S. S. Augusta, flagship of the Asiatic fleet, were forbidden by Admiral O. G. Murfin, commander of the fleet, to enter the trouble zone.

**Chinese Seek Safety.** Chinese residents of the eastern section of the Shanghai district, meanwhile, began moving into the international settlement by foot, ricksha, cart and automobile, carrying with them personal and household belongings.

The movement of the Chinese recalled similar processes in 1932 when thousands attempted to enter the international zone during fighting between Japanese and Chinese troops in Shanghai. (Reports from Peiping declared the Tokyo government had made formal demands on the Chinese administration to allow establishment of an autonomous regime in five northern Chinese provinces.)

(Included in the demands, in addition to the provincial government action, was one for the withdrawal of the 28th Chinese army from the Peiping area. The Japanese were reported to have demanded also dismissal from North China's government of all officials alleged to be anti-Japanese sympathizers and installation of Japanese inspectors in all northern schools.)

## Jap Generals Map

### Military Measures

TOKYO, Oct. 1.—(AP)—Japanese army generals mapped plans today for military measures in China in the event of a break-off of negotiations should bring the increasingly grave Sino-Japanese situation to open hostility.

The high command met at Sapporo, Japanese town where arm maneuvers are being held. Reports to Tokyo newspapers said the army leaders feel Japan would proceed with its second step, which means armed action if Gen Chiang Kai-Shek, dictator of China, refuses Japanese demands including its terms in North China—and if Ambassador Shigeru Kawagoe withdraws from Nanking.

Premier Koki Hirota, foreign Minister Hachiro Arita and Admiral Osami Nagano, minister of the navy, held another important conference to discuss measures to execute the government's fixed policy in dealing with the Sino-Japanese crisis.

Reports, meanwhile, were published in Tokyo newspapers describing the situation in Shanghai as almost impossible to solve without force.

## FLOOD

(Continued from Page One)

damage in the Gulf region would not be great.

Numerous cattle were drowned near Valley Junction, below the confluence of the Brazos and the Little, but most of the livestock along the swollen stream and its rain-glutted tributaries had been removed to higher ground. Most observers said the damage would run into millions of dollars although none would hazard a guess at any definite figure. No loss of life was reported.

After a plane flight over the flooded region Baker said few signs of life were visible in the lowlands inundated when the Little pushed the Brazos out of its banks. He reported several miles of the International-Great Northern railroad under water.

Farmers in the Trinity river bottoms near Palestine rushed cotton picking before the arrival of an expected overflow.

At Bryan, lowland farmers evacuated their homes, as the Brazos rose menacingly.

Llano, near the Colorado, reported that river running 42 feet deep at Bluffton. It was flowing over the east approach of the bridge and stopping traffic between Llano and Burnet on highway 29.

## Overflows to Gulf Are Threatening

HOUSTON, Oct. 1.—(AP)—The Houston weather bureau reported this morning the crest of the Brazos river flood passed Valley Junction at 5 a. m. and moved into the South Texas area with a threat of overflows all the way to the Gulf.

The river reached a stage of 47.6 feet at Valley Junction. At 10 a. m. it had dropped to 47.4 and continued to recede.

Downstream at Washington, where the flood stage is 45 feet, the river rose to 39.77. At Hempstead the stage was 35. The flood stage there is 42 feet.

Bureau observers, in forecasting the movement of the crest, said the flood would flatten as it moved toward the Gulf but that lowland sections were due for overflows.

The bureau said the crest would reach Washington Saturday morning and that a stage of from 45 to 47 feet was expected. A rise to from 42 to 44 feet was expected at Hempstead when the crest hits there Sunday morning.

The crest was expected to reach Richmond late Tuesday with a stage of from 34 to 36 feet. The flood stage there is 35 feet.

## AMIDST LAYERED HISTORY, CHRISTIAN HERO PIONEERED \*

Forsaking Homer's Troy, And Accumulated Associations of Asia, Paul Pushed Westward And Gave Gospel To Europe ---- Place Of Pioneering Spirit In World Today.

By WILLIAM T. ELLIS

One round, wholesale criticism of our world of today is that it is universally bent on "safety first." Social timidity, narrow nationalism, economic conservatism, all are primarily seeking security and the maintenance of the "status quo ante." All forms of state socialism look to this end. Desire for mass solidarity and mutual protection have taken the place of the old wilderness-perilous spirit. Youth wants a "job" rather than an opportunity. There is frantic zeal everywhere for legislation that will give everybody security.

Well, perhaps that is best for most of us. But society will die of dry rot unless it is kept alive by the spirit of initiative. We simply cannot maintain a good life for all of us unless we have a fair proportion of way-showers and road-makers. We need today, in the realm of religion as elsewhere, men and women who hear within their souls the cry that haunted the spirit of Kipling's "Explorer":

"Till a voice, as had as conscience, rang interminable changes. On one everlasting whisper, day and night repeated—so— Something hidden—Go and find it. Go and look behind the ranges— Something lost behind the ranges. Lost and waiting for you. Go!"

Putting Tang Into Life. Life goes stagnant, like water, when it is too long settled. Those who seek security and comfort first, like house cats, choose to make any contribution to the world. Pioneering, in any field, puts tang and satisfaction into one's ways. The persons who have dared are the ones longest remembered. We build monuments to the men and women who were our pioneers; but there are no public memories to the men who sat tight at home and merely got rich. God put the Divine spark into the human breast that youth might dare and break through the current apathy of state sin, which leads thin-brained "intellectuals" to deem it original and career-making, to sit on Paris sidewalks and sip cocktails, a sign of our social degeneracy.

All the while, there await, in every sphere of church and state and knowledge and invention, opportunities for stout spirits who dare to break away from the crowd and the conventions, to explore new fields for man's progress. There is not a neighborhood in the land that could not be transformed by a little fresh thinking and activity. One Paul, burning with ambition altered the entire character of the early Christian Church. Yes; Paul had ambition. It is explicitly stated in our lesson text (Rom. 15:20 R. V.), "Being ambitious so to preach the gospel, not where Christ was already named, that I might not build upon another man's foundation. The person who organizes an out-post Sunday School, or creates a vital mission study class, or originates wholesome recreation for young people, is in apostolic succession to Paul, the Pioneer.

The Book of Pioneers. Musing upon this urgent and vital theme, we awaken to the realization of how largely pioneering bulks in the Bible, from Abraham to Jesus and Paul. The New Testament is a book of restless activity. The Master could not settle down; His repeated

• The Sunday School Lesson for October 5 is Paul's Pioneering Westward—Acts 15:36-16:15; Romans 15:18-21.

No longer forward nor behind, look in hope or fear; But gratefully take the good I find. The best of now and here. —Whittier.

There is nothing happens to any person but what is in his power to go through with it.—Marcus Aurelius.

Better is a handful with quietness, than both the hands full with travail and vexation of spirit.—Ecc. 4:6.

Oh, ask not thou, How shall I The burden of tomorrow? Suffice for the day, its care, Its evil, and its sorrow; God imparteth by the way Strength sufficient for the day. —J. E. Saxby.

The difference between coarse and refined abuse is the difference between being bruised by a club and wounded by a poisoned arrow.—Johnson.

Deputy State School Superintendent Will Visit This County

Miss Nell Parmelee of Dallas, deputy state school superintendent, is scheduled to be in Corsicana Monday to visit the rural and schools of Navarro county with G. H. Brown, Navarro county superintendent.

This will be considerably earlier for the visiting of the rural and schools than in former years, the county superintendent pointed out.

Many a Friend Recommends BLACK-DRAGHT

People who have taken Black-Drught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it! Mrs. Joe G. Roberts, of Porterville, Ala., writes: "A friend recommended Black-Drught to me a long time ago, and it has proved its worth to me. Black-Drught is good for constipation. I find that taking Black-Drught prevents the bilious headaches which I used to have." A purely vegetable medicine for

## ANNUAL BLOOMING GROVE FAIR DATES OCTOBER 8, 9 AND 10

**BLOOMING GROVE, Oct. 1—(Sp.)** Everything will be in readiness for the opening of the thirtieth annual Blooming Grove Fair Oct. 8, 9 and 10. With C. L. Tillman as president, W. A. Crawford, secretary and treasurer, plans are being made and carried out to make this fair the greatest in its history.

More cash premiums are being offered this year than ever before. A new department has been added, horses and mules, and a great interest has been manifested in this department.

The fair will open with a big parade at 10 a. m. Thursday, Oct. 8. Friday will be Corsicana Day and Saturday Navarro County Day.

Poultry, livestock and agriculture exhibits promise to be bigger and better than ever.

A rodeo with bucking ponies and fighting cows will be one of the attractions.

## Cotton Advances About One Dollar Bale in New York

**NEW YORK, Sept. 30.—(P)**—On the heaviest foreign buying in several months, cotton futures surged ahead around \$1 a bale to a new high since July on the New York cotton exchange today.

The recent sharp expansion of buying in cotton goods at Worth Street, the nation's textile selling center, continued and was said to have prompted brisk domestic demand for raw cotton contracts.

On the advance cotton deliverable in October said around 1231 cents a pound, or about \$3 a bale above the low of last week then the market declined under offerings from abroad then attributed to fears of French franc devaluation.

## SCENES FROM RECENT NAVARRO COUNTY FLOOD AREA

—Corsicana Daily Sun Staff Photos.  
No. 1—Looking toward Ward Bridge over Highway 31 west of Corsicana showing some six inches of water flowing over the asphalt covering the gap between the end of the concrete and the main bridge structure.  
No. 2—Scene on the north side of the concrete bridge across the relief channel on Highway 31 west, showing flood waters within a few inches of the bridge floor and a huge tree section battering against the bridge; the main channel of the creek is about 150 yards on down the road and cannot be seen in the picture.  
No. 3—Looking east along the main levee from the bridge over the main channel on Highway 75 north of Corsicana, showing the water within eighteen inches of the top of the earthen structure. The picture was made about four hours before the creek level reached its peak.  
No. 4—Looking east on the south side of the concrete bridge over Richland creek channel on Highway 31 west showing the waters within a few inches of the tops of the caps of the bridge. The water was at its crest at this time.  
No. 5—Scene on Highway 31 east of Corsicana in Chambers creek bottom made Monday morning, with the water within four inches of the roof of the pump house in the creek bed. The flood waters finally rose several inches over the edge of the roof.  
No. 6—Scene on Highway 75 north of Corsicana looking toward Rice; the picture was made with the photographer standing within 250 feet of the bridge over the main channel. The flood rose several inches after the picture was made.

## Birthday Party And Missionary Social Given In Kerens

**KERENS, Oct. 1.—(P)**—Mrs. S. Pierce, assisted by Mrs. Sue Hemphill, complimented her grandson, Billy Price, who is visiting here from Gustonia, with a party Saturday afternoon from 3:30 to 5:00. The occasion being Billy's seventh birthday. Mrs. Charles Reese and Mrs. Jack Anderson directed the games and entertained the children with interesting stories.

At the conclusion of the play hour the children were led into the dining room where the birthday cake was cut and served with Dixie cups to the following: Betty Joe Smith, Jack Bain, Bobby Brister, Jacqueline and Dink Reese, Patsy Rene and John Bar-Murphy, Anna Lois and Robert Allen Bain, Annie B. Ford, Carter Price and the honoree, Billy Price, wrapped in novel handkerchiefs were given as favors.

**Missionary Social.** **KERENS, Oct. 1.—(Sp.)**—The Missionary Society of the First Methodist church met at the home of the president, Mrs. A. B. Keen, Monday afternoon for a social and business meeting. Mrs. Earl McClung, leader for the afternoon, used John 15:1-15 for her devotional after which the following program was given: "Peoples' Institute of Brazil," Mrs. John Holland, "Clearing the Spring," Mrs. A. B. Keen, "Brown America," Mrs. Lewis Lowe. A pleasant social hour was enjoyed by fifteen members.

**APPLICATIONS FOR SEED CORN LOANS BE MAILED TWO WEEKS**

**WASHINGTON, Oct. 1.—(P)**—The agriculture department said today mailing of application forms "within the next two weeks" would be the next step in preparation for the ten million dollar seed corn loan program.

The forms will be sent to the corn belt states for distribution in the various counties where there are supplies of seed corn available for loans, by means of which the department hopes to prevent 1937 shortages.

The department at the same time "commended" the action of Iowa's governor and executives of neighboring states in proclaiming "seed corn weeks" during which emphasis was to be placed on seed conservation.

Executives said they believed such observances would focus attention on the situation and bring out information as to the amount of corn which will be available for use as seed next year.

Iowa already has asked that loans be made on seed corn stored in 69 of its 99 counties, the counties recommended for participation including 46 in the state's designated drought area.

Loans of \$1.75 a bushel are to be made on ear corn, selected from the field before frost, which has a moisture content of 15 per cent or less and which germinates 90 per cent or better. The department has limited the amount of corn upon which the \$1.75 loan will be made to 1,000,000 bushels but explained today that, contrary to reports, it has not restricted state allocations of the total.

## ROOSEVELT OPENS HIS CAMPAIGN IN VIGOROUS MANNER

### CORE REPUBLICAN EVASION AND REPUDIATES COMMUNIST SUPPORT

By D. HAROLD OLIVER  
Associated Press Staff Writer  
WASHINGTON, Sept. 30.—(AP)—Plunging into a mass of state business before resuming his traveling campaign for re-election, President Roosevelt sought to clear his White House desk today after an address last night in which he repudiated the support of "Alger Hiss."

Both the President and his aides took time first to note the reaction to his speech at Syracuse before the New York state democratic convention in which he declared communism a "false issue," asserted the republican leadership was "employing smooth evasion" on social security, taxation and other issues, and stirred speculation in political quarters by his mention of Alfred E. Smith.

Arriving here in mid-morning, Mr. Roosevelt drove to the White House in a driving rain. High noon was spent in conferences dealing with a southern public and private "power pool," the Peru-Ecuador boundary question, and a meeting with his newly-appointed military aide, General Douglas MacArthur, who was en route to Pittsburgh to speak tomorrow night.

Various opinions were spoken privately here concerning the President's praise of the program of "confidence" in the governor of New York. This program was carried forward during his own gubernatorial term, Mr. Roosevelt said, and advanced under Governor Herbert Lehman.

Earlier, Mr. Roosevelt spoke of Smith as one of the men who held the same "philosophy of government" at the time he entered politics in New York state years ago.

Particular attention was attracted to these remarks because of Smith's present opposition to the new deal, and because the former governor will make a radio speech tomorrow night immediately following that of the President.

Mr. Roosevelt last night, declared his entrance into the campaign with "confidence" of through to the end when he asserted the "true conservative seeks to protect the system of private property and free enterprise by correcting such injustices and inequalities as arise from it."

He did not mention the republican presidential and vice presidential nominees by name, but said the "real difference" between republican leadership is the same as it was four years ago.

Comparing republican promises of the past with those of the present, he asserted:

"The same lack of purpose of fulfillment lies behind the promises of today. You cannot be an old guard republican in the east, and a new deal republican in the west."

"You cannot promise to repeal taxes before an audience and promise to spend more of the taxpayers' money before another audience."

He said the opposition was "banking too heavily on the shortness of our memories."

"No one will forget that they had their golden opportunity—twelve long years of it," he added amid laughter and applause.

Mr. Roosevelt set off a demonstration at the outset when he asserted the task of the democrats was two-fold: To separate the "false" from the "real," and secondly, with facts and without rancor, to clarify the real problems for the American public."

Malicious Opposition. "Then, calling attention to 'malicious opposition' that hurled charges against Washington, Jefferson, Jackson, Lincoln, Theodore Roosevelt and Wilson, he brought laughter and cheers when he said:

"In this campaign another herding turns up."

He referred to communism.

"Here and now, once and for all let us bury this herding and destroy the false issue," he asserted. After citing his record as New York governor and as president, he added:

"To that record, my future and the future of my administration will conform. I have not sought, I do not seek, I repudiate the support of any advocate of communism or any other alien 'ism' which would be fair means or fair change our American democracy."

The President said there was no difference between the two major parties as to what they think about communism, but that there was a "real difference" between them in what they "do" about it.

He averred the democrats had not been content merely to denounce communism, but had been "realistic enough to face it" and "do something about it."

## Plans Speeding County Building To Be Perfected

### Plans for speeding up the building program, in Navarro county, particularly in the repair and modernization of homes, bridges, water supply, and other public works, are being discussed with representatives of construction agencies, building supply dealers, and financial agents Tuesday afternoon by Roy B. Eastus, associate director of the Federal Housing Administration.

The federal representative pointed to the emphasis placed on good construction by the government specifications and systems of inspections, and suggested general improvement in the attitude of the public toward new building plans and also repair work.

Local dealers informed Mr. Eastus that plans are now being made for a general campaign for modernization and repairs in this area within the next few weeks and co-operation of the federal agency was pledged by the associate director.

## TEXAS AGRICULTURE CONSERVATION WORK IS MAKING PROGRESS

### DETAILS OF VARIOUS EXPIRING ACTIVITIES ALSO BEING WOUND UP

COLLEGE STATION, Oct. 1.—(AP)—Texas extension service officials, under whose supervision the new agricultural conservation program in the state is being carried on, report continuing progress in the winding up of details of various activities that are drawing to a close.

The Bankhead certificate pool is among the items being wound up, which several million dollars will come to Texas cotton producers in the near future. Advice from Washington is that checks are being turned out at the rate of 40,000 a day to distribute the money received for certificates sold prior to the repeal of the Bankhead act. The rate of payment to individual owners of certificates will be four cents a pound about 17 percent of the poundage submitted to the national pool since many certificates were still in the pool when the sale was closed.

Though Texas cotton contracts totaled about 735,000 for the years 1932, 1934 and 1935, there now remain unpaid only about 5,000 contracts. The principle cause for delay in clearing these contracts has been the tediousness of getting legal papers of estates in shape.

Cotton price adjustment work is also in the final stages. Texas cotton producers filed 255,588 applications for payments under the act received for their 1935 cotton crop; 255,103 of these applications have been certified for payment to the general accounting office of the A. and M. College.

Of the 583 applications still on hand some of them are being held because they have been filed after the final date—August 15—when applications could be received and others because of various legal errors involved in the preparation of the papers.

Payment of ginners' compensation for work in connection with the Bankhead act is another job that is grinding on toward the end. Applications amounting to 415 representing 2,738,028 bales of cotton have been received. Of these 3,077 representing 2,574,433 bales have been certified for payment, amounting to \$643,807.19.

The remaining 138 applications representing 63,593 bales are being cleared one way or another very soon.

Work on measuring compliance with agricultural conservation plans, which entitled farmers to grants of money, is about one third completed, it is estimated.

This work was begun about the fourth week in August and the measurements have been made using the same ways employed in measuring compliances in previous programs, except that in twenty counties aerial maps are being used.

The state planned to complete the measurement in the state by Oct. 20. One district has completed the work already.

Funeral services for Mrs. Edith M. Burkholder, aged 77 years, native Texan and resident of Navarro county for 51 years, who died at her home in the Roane community Wednesday morning at 7:30 o'clock, were held Thursday afternoon at 2 o'clock from the family residence with burial in the Hamilton cemetery. The rites were conducted by Rev. J. D. Prince, Baptist minister.

Surviving are two sons, J. D. Burkholder, Corsicana, and J. A. Burkholder, Kilgore; and seven grandchildren.

Funeral arrangements were directed by the Corley Funeral Home.

plco and Mexico City and South America. Braniff said that connection will be continued.

A party of experts, under the direction of Don Walbridge, operation manager, will leave for Fort Worth, Tex., tomorrow to begin establishment of the airway.

## ELEVEN MEMBERS OF BLACK LEGION ARE CONVICTED MURDER

### JURY DELIBERATES HOUR AND 25 MINUTES IN REACHING DECISION

DETROIT, Sept. 29.—(AP)—Eleven of the 12 men charged with plotting the Black Legion "execution" of Charles A. Poole on an isolated suburban road last May 12 were convicted today in circuit court.

Of the 11 convicted, all but four were convicted of first degree murder. The jury of nine men and three women held two of the others guilty of second degree murder, and Judge Joseph A. Moynihan returned a second degree murder conviction against the two defendants who waived a jury trial.

The acquittal of Hershell Gill, the only defendant freed of the charges by the jury, had been suggested by Assistant State Attorney Chester P. O'Hara.

Five of those convicted of first degree murder—"Colonel" Harvey Davis, Ervin D. Lee, Urban Lipps, Paul R. Edwards, and Edwin Barlow—were present when Poole was shot to death by Dayton Dean, the confessed "executioner." The two others convicted of first degree murder were John Bannerman and David Rushing, who were charged with taking an active part in the death plot.

The jury convicted Thomas R. Craig and Virgil Morrow, both of whom attended the meeting in Flintland, Mich., where the "execution" plot was agreed upon, of second degree murder, with a recommendation of leniency for Morrow.

The jury returned a second degree conviction against Albert Stevens and John S. Vincent, the oldest of the defendants. Both of them also were at the Flintland hall meeting.

Under Michigan law the maximum penalty for first degree murder is life imprisonment. Second degree conviction leaves the sentence to the discretion of the court.

The cold-blooded killing of Poole, a young WPA worker, followed false neighborhood gossip that he beat his wife.

The intensive inquiry that followed the Black Legion raid on the group of hooded night-riders that terrorized its own members and sought to impose its racial and religious prejudices on politicians in cities of the Detroit area, "executioner" who calmly testified he shot down Poole at close range on orders of "Colonel" Davis, was a frequent willing witness before grand juries investigating the activities of the Black Legion.

DETROIT, Sept. 29.—(AP)—Nine men were convicted today by a circuit court jury in the Black Legion kidnapping and killing of Charles A. Poole last May 12.

Seven of the defendants were convicted of first degree murder, and two others of second degree murder. Hershell Gill, the tenth defendant whose fate rested in the hands of the jury, was acquitted. Two other defendants had waived jury trial, and Circuit Judge Joseph A. Moynihan did not announce his decision regarding them at once.

Those convicted of first degree murder were "Colonel" Harvey Davis, John Bannerman, Ervin D. Barlow, Edwin Barlow, Rushing, Urban Lipps, and Paul R. Edwards.

The two convicted of second degree murder were Virgil Morrow and Thomas R. Craig.

The jury deliberated an hour and 25 minutes.

LOCAL CAMP FIRE EXECUTIVE SPEAKER AT CIVITAN CLUB

MRS. GLADYS KINSOLVING DISCUSSES ORGANIZATION; LEELEND LEE SINGS

Mrs. Gladys Kinsolving, local Camp Fire Girls executive, was the principal speaker at Thursday's luncheon meeting of the Civitan Club at the Navarro hotel, and presented following several musical and novelty numbers by Corsicana artists.

Charles T. Banister and Clifford Brown, Jr., had charge of today's program, and President Robert Moss Tyler, accompanied by Mrs. Banister, Mrs. Mansfield, Mrs. Mansfield was his accompanist. Mr. Blackwell, who entertained soldiers at camps during the late world war, sang several novelty numbers, playing a piano accompaniment.

Leeleend Lee, a member of the Camp Fire Girls, sang "The Song of the Banjo," and also in the group-juke.

Not Hurt by Depression Mrs. Kinsolving said in opening that Camp Fire had not suffered during the depression because it invested in girls and not in buildings. She said there are 100 Camp Fire girls and 10 guardians in Corsicana; and that there are 200,000 Camp Fire girls in the United States.

Regarding the drive for \$1,500 in the near future, Mrs. Kinsolving said the first contribution, from Mrs. J. A. Townsend, had been received. She said Mrs. Townsend has already been a staunch supporter of the organization, and has some of the literature published pertaining to the founding of the movement many years ago.

One of the many aims of the Camp Fire is to teach its members wise and profitable use of their leisure hours. They are also given honors for their achievements, and are being trained to make better citizens for tomorrow.

Festus A. Pierce called to the attention of the Civitan members that Mrs. Elbert Williams, formerly of Corsicana, was recently elected national president of the Camp Fire organization. T. Orr urged a large attendance of Civitan members at the Camp Fire banquet in the near future.

## Federal Agents Arrest Many In Series of Raids

### WASHINGTON, Sept. 29.—(AP)—Striking suddenly in cities from coast to coast, treasury law enforcement agencies today had made close to 1,000 arrests and seized several hundred illicit stills in a drive against narcotic and liquor law violators.

Most of those arrested for the offensive, preliminary reports showed that more than 400 persons had been taken into custody on narcotic charges and several hundred on liquor charges.

The narcotics bureau and the treasury's alcohol tax unit headed the offensive, described as a "clean-up" of the coast guard, customs bureau and other treasury enforcement agencies co-operated.

Three parole violators were among those taken in Texas which led the list of states in total arrests, with 149.

Arrests were made in widely scattered cities, and quantities of narcotics were seized. At San Antonio, Texas, agents found a store of marijuana. Edger.

The San Francisco Bay area of California was the scene of much activity. Federal and state agents arrested 20 persons, besides seizing illicit stills.

Under the law the maximum penalty for first degree murder is life imprisonment. Second degree conviction leaves the sentence to the discretion of the court.

The cold-blooded killing of Poole, a young WPA worker, followed false neighborhood gossip that he beat his wife.

The intensive inquiry that followed the Black Legion raid on the group of hooded night-riders that terrorized its own members and sought to impose its racial and religious prejudices on politicians in cities of the Detroit area, "executioner" who calmly testified he shot down Poole at close range on orders of "Colonel" Davis, was a frequent willing witness before grand juries investigating the activities of the Black Legion.

DETROIT, Sept. 29.—(AP)—Nine men were convicted today by a circuit court jury in the Black Legion kidnapping and killing of Charles A. Poole last May 12.

Seven of the defendants were convicted of first degree murder, and two others of second degree murder. Hershell Gill, the tenth defendant whose fate rested in the hands of the jury, was acquitted. Two other defendants had waived jury trial, and Circuit Judge Joseph A. Moynihan did not announce his decision regarding them at once.

Those convicted of first degree murder were "Colonel" Harvey Davis, John Bannerman, Ervin D. Barlow, Edwin Barlow, Rushing, Urban Lipps, and Paul R. Edwards.

The two convicted of second degree murder were Virgil Morrow and Thomas R. Craig.

The jury deliberated an hour and 25 minutes.

LOCAL CAMP FIRE EXECUTIVE SPEAKER AT CIVITAN CLUB

MRS. GLADYS KINSOLVING DISCUSSES ORGANIZATION; LEELEND LEE SINGS

Mrs. Gladys Kinsolving, local Camp Fire Girls executive, was the principal speaker at Thursday's luncheon meeting of the Civitan Club at the Navarro hotel, and presented following several musical and novelty numbers by Corsicana artists.

Charles T. Banister and Clifford Brown, Jr., had charge of today's program, and President Robert Moss Tyler, accompanied by Mrs. Banister, Mrs. Mansfield, Mrs. Mansfield was his accompanist. Mr. Blackwell, who entertained soldiers at camps during the late world war, sang several novelty numbers, playing a piano accompaniment.

Leeleend Lee, a member of the Camp Fire Girls, sang "The Song of the Banjo," and also in the group-juke.

Not Hurt by Depression Mrs. Kinsolving said in opening that Camp Fire had not suffered during the depression because it invested in girls and not in buildings. She said there are 100 Camp Fire girls and 10 guardians in Corsicana; and that there are 200,000 Camp Fire girls in the United States.

Regarding the drive for \$1,500 in the near future, Mrs. Kinsolving said the first contribution, from Mrs. J. A. Townsend, had been received. She said Mrs. Townsend has already been a staunch supporter of the organization, and has some of the literature published pertaining to the founding of the movement many years ago.

One of the many aims of the Camp Fire is to teach its members wise and profitable use of their leisure hours. They are also given honors for their achievements, and are being trained to make better citizens for tomorrow.

Festus A. Pierce called to the attention of the Civitan members that Mrs. Elbert Williams, formerly of Corsicana, was recently elected national president of the Camp Fire organization. T. Orr urged a large attendance of Civitan members at the Camp Fire banquet in the near future.

## THOUSANDS ACRES RICH FARM LANDS SWEEP BY WATERS

### NO LOSS OF LIFE BUT PROPERTY AND CROP DAMAGE GROWING HOURLY

HEARNE, Sept. 29.—(AP)—Thousands more acres of farming land were inundated in Central Texas today as flood waters of the Brazos and Little rivers destroyed millions of dollars worth of crops and property.

There was no loss of life reported anywhere along the rain-swollen rivers lowland residents heeding warnings to evacuate. Farmers drove their livestock to high ground and moved their household belongings to safety.

Upstream at Waco, where city damage over the week-end amounted to \$500,000 and losses in McLennan county to \$1,500,000, the Brazos was falling steadily after the highest stage in its history—41 feet.

Crest of the Brazos flood approached Hearne today and, as the river rose, the water was higher than in the Waco section, was expected to spread over more farming land. The stretch between Hearne and Marlin is cut with old river channels which will absorb much of the overflow, however.

At Cameron, on the rampaging Little river, flood water was rising at a rate of six inches an hour. At a point a half mile within a half hour of the Houston highway, going over low places in the bottoms. The river stage had reached 33.30 feet.

Cameron in no danger. There was absolutely no danger to the city of Cameron, as it would take a 100-foot rise to roll into the community. The river was not appreciably out of its banks near Cameron, backing up in dry gulches.

A 22-foot flood which came down the Leon river out of the Hamilton county area reached Gatesville during the night, and flooded a vast section of Coryell county. Damage to crops was estimated at more than \$100,000 in the county.

The Leon was still rising at Gatesville, but was not flooding the town. The Leon dam, south of the city, was holding back the water. The Leon dam was holding back the water.

Trucks of the St. Louis and Southwestern railroad were under flood water. The Leon dam was holding back the water. The Leon dam was holding back the water.

Gatesville had been cut off for 48 hours over the week-end by high water.

The Leon began rising shortly before midnight at the rate of about one foot an hour. After bringing Jonesboro, the greatest town in 20 years, to the crest of high water rushed on to Gatesville, bringing that community the worst flood its residents could remember.

Highway Blocked. Cameron, on the Little river out of its banks and rising rapidly in Milam county. Highway 77 leading out of Cameron two miles from the city to the east was blocked. All roads leading from Cameron south and west to other communities in the county were impassable.

Residents of Cameron predicted this flood would equal the destructive rise of 1917, when the river rose to 40 feet, and crops were lost to the extent of hundreds of thousands of dollars.

The Little river stage jumped to 38 feet near Cameron when a five-foot rise came down before noon.

Hearne reported the Brazos two miles wide there, damaging cotton crops and spreading into old channels, broke lands. The river channel is much wider than at Waco, however, and the river's stage was not above 31 feet—five feet under the 1913 peak.

Railroad traffic through Corsicana was stopped. The Texas Electric cars were still not operating. Major creeks around Corsicana were receding, but highway travel was blocked. Farmers said moving north was warned of danger along the Elmhouse road.

At College Station, crest of the Brazos rise was not expected until sometime tomorrow. Farmers said the river near College Station was about 12 feet from the top of its banks but probably would overflow into lowlands later.

The water would not cover any great area tomorrow. Extensive damage to crops in the area 15 miles southwest of College Station.

The Brazos dropped to a 30-foot stage at Waco and rehabilitation crews started clearing away debris in flooded sections of the city.

Citizens had raised \$12,000 in a drive for \$20,000 in relief funds to aid the 2,500 homeless refugees in need of food, clothing and medical care.

Relief stations were housing 1,800 refugees and the rest were under the care of citizens whose homes remained intact. Doctors said the sanitary situation was in hand.

Brazos Continues to Recede in Waco Area WACO, Sept. 29.—(AP)—Damage already counted in the millions mounted hourly today as the menacing floodwaters of a dozen Texas streams rolled toward Waco with a growing threat to areas further south.

Fed by torrential rains on the watershed of its tributaries, the swollen Brazos river, Texas, longest stream, dumped its muddy waters over fertile farming regions as the crest moved slowly southward after rendering 2,500

pistol and a target rifle, however. The two held in jail here gave their ages as 17 and 20 and told Sheriff Faith they had not eaten in more than two days. Runners were out money on a trip to Houston, in search of work, they said, they had traded first, a spare tire and then, at Sunset, some tools for gasoline.

## GERMANY MOVES TO MAKE STRENGTH OF ARMY 800,000 MEN

### BERLIN, Sept. 29.—(AP)—A wide-spread increase was ordered in the German military establishment today as Nazi officials began conscription to raise their fighting forces to 800,000 men under the new two-year compulsory service rule.

Reichswehr leader Adolf Hitler decreed an increase to 300,000 youths for the spare corps—the government labor service—which is the preliminary training unit of the standing army.

Some 30,000 of the first draft will be inducted into the labor service Oct. 1, simultaneously with between 200,000 and 300,000 of their slightly older comrades called to the reactivated reichswehr—national army.

Hitler, taking a leaf from the Kaiser Wilhelm system, decreed the two-year service August 24 to become effective Oct. 1. The training period previously was one year, in addition to half a year in the spare corps which must be put in prior to being called into the fighting forces.

The recruits are 21 and 22 years of age—Germany's war babies—sion bridge over the Brazos river at Waco went out. He said towns below served from this main were immediately connected with another line.

The companies maintained large crews in the flooded area to insure an uninterrupted service.

Flood Severes Communication. GOLDTHWAITE, Sept. 29.—(AP)—Telephone communication with the Big Valley community was cut off today by the flooding Colorado river.

Last night the river at Big Valley was reported at 45 feet and rising steadily.

Guadalupe Is High. GONZALES, Sept. 29.—(AP)—Fertile valley lands below the confluence of the San Marcos and Guadalupe rivers were threatened with another flooding

# BEAUTY CHATS

All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (a.s.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY" ten cents in stamps with fully a.s.e. must be enclosed. Address: Miss Forbes in care of this paper.

## WEEKLY PEDICURE

### KINDNESS TO YOUR FEET

If you will give your feet the weekly pedicure Miss Forbes directs today, you will have no difficulty with aching toes and painful callouses.

If you give your feet as thorough a pedicure as you can once a week, I don't think you'll ever have any real trouble. Of course, even if you are fairly good at this, you'll find occasionally that you'll need a professional pedicure, but this need not be more than once every six months, if you care for your feet yourself. All you require is a safety razor, one of those thick emery board sticks that come for the feet, and which are used to wear down callouses, and for the rest you use your manicure outfit.

The feet need a good soaking first in hot, soapy water. When the first foot is taken from the water the nails are cleaned under and dead cuticle scraped off with the pointed end of a nail file. The nails should then be cut across straight and short and any raised cuticle around the edges trimmed away with manicure scissors. If there are corns, shave them down as soon as the foot is out of the water, even before you clean the toenails. To shave down corns you may have to soak each foot several times so the hot water can keep that hard cuticle soft enough to work on.

At the end of the pedicure all callous spots are oiled and the entire small toe and all the other toenails are coated with oil. In the winter time the heel also should be oiled to prevent hard, callous skin forming. If the nails are ugly, they should be emeryboarded for color covers up a lot of faults. But the emeryboard should be taken off every few weeks and the entire surface of each nail given a good oiling. Minute bits of fluff from stockings and the natural secretions of the skin combine to form a white, waxy substance under the nails, which can push them out of

shape and disfigure them if it is not cleaned away. The value of the weekly pedicure is that not much can collect. It should be gently worked out from under the nail with the flat end of an orangewood stick or a pointed nail file used very gently.

Mrs. B.—Tincture of green soap comes in liquid form and may be bought at any drug store. It is a strongly alkali soap that is very cleansing when there is also a condition of abnormal oily secretion. This makes it useful for a shampoo when the scalp is very oily, or it may be used for cleansing the oily skin over the sections where there are blackheads. Use it cautiously, when and where needed, and stop when the oiliness is improved. It should not be used if the skin or scalp is dry.

E. L.—Peroxide will not hurt your hair, but you had better have the bleaching done for you the first time, so you will know just how to proceed yourself with it later. You will need to give your scalp and hair an oil treatment the night before the shampoo and application of the peroxide, as that prevents the hair from being dried out.

M. F.—The mixture of glycerine, rose water, sweet almond oil with a small amount of beeswax would turn out to be a creamy lotion that should be a fine thing to use on the dry skin at any time. The several hours of a morning, while you were doing your housework, would do very well for treating your skin with such a lotion. You probably bathe after the work and it would be a good time then to follow the bath with an ice rub over your face and throat.

## Kerens Man's Auto Recovered in Dallas

KERENS, Sept. 29.—(Sp.)—Jack Albritton of Kerens received notice Monday that his automobile, which was stolen last Friday night from a parking lot near the Centennial grounds in Dallas, had been recovered. The car was found abandoned on the streets only a few blocks away from the place where it was stolen.

# RUFFING AND YANK INFELD BLEW UP IN EIGHTH INNING

NATIONAL LEAGUERS WIN  
UNDER WORST WEATHER  
CONDITIONS IN YEARS

POLO GROUNDS, NEW YORK, Sept. 30.—(P)—Big Red Ruffing and the Yankee infield blew up in the rain with a resounding roar in the eighth inning today, giving the Giants and Carl Hubbell an easy 6 to 1 victory in the miserably wet setting of the opening game of Manhattan's world series.

NEW YORK, Sept. 30.—(P)—Heavy-legged Gus Mancuso's long single to left, scoring Mel Ott in the sixth, gave the Giants a 2-1 lead over the Yankees today as rain poured down on the first game of the World Series and the pitching duel of mighty Carl Hubbell and burly Red Ruffing. Playing conditions were the worst in the past ten years of series history.

Dick Bartell's home run into the left field stands in the fifth, matching George Selkirk's circuit smash for the Yankees in the third, provided all scoring until Ott, chunky giant right fielder, bounced a double off the left field wall starting the sixth, was sacrificed to third, and scored on Mancuso's long drive down the left field fence line. The Giant catchers' hit might easily have been another double had he gambled on the muddy sloppy base paths. Conditions were so bad that the bleachers were almost deserted, the crowd, estimated at 45,000, some 6000 less than capacity. Spectators, overcoated against the cold, turned up their collars in the exposed field boxes or dashed for cover under the stands. The pitching mound was a soggy mess, the infield wet and slippery. Hubbell, though he fanned six in the first six innings, was in trouble both in the third and fourth. After Selkirk blasted his homer into the right field stands with none out, Red Rolfe and Joe DiMaggio singled with two gone but were stranded when mighty Lou Gehrig could no more than roll to the pitcher.

Powell Hits Again. Again in the fourth Jake Powell, speedy Yank left fielder who hit safely his first three times up, smashed a long double to left with one gone. But after Tony Lazzeri walked, Powell was thrown out trying to steal third and Selkirk, the early hero fanned. The Giants touched Ruffing for six hits in the first six innings, wasting two in the third when Ott and Bartell singled, and Hubbell, only to have young Jimmy Rippie fan in the clutch with the bases full. Powell's third hit, a single to left, opened the Yankees seventh, but nothing came of it as Tony Lazzeri fanned. Powell was forced at second on Selkirk's grounder, and Ruffing fanned for Hubbell's eighth strikeout. The Giants went down in order in the seventh.

The Giants pulled out of a terrible hole in the eighth with a spectacular double play after Frank Crosetti, first man up for the Yanks, doubled to the left field corner. Hubbell fanned Red Rolfe's attempt to sacrifice, Crosetti reaching third. But DiMaggio lined to Burgess Whitehead at second and Rolfe and was nipped off first for a double play. Crosetti meanwhile helped bogged down in the mud off third. Gehrig was hit by a pitched ball but Bill Dickey rolled weakly to Terry for the third out.

## The Box Score

New York (AL).....	ABRHOA	
Crosetti, ss.....	4	0 1 1 3
Rolfe, 3b.....	3	0 1 2 1

# Murder Charge Follows Death Justice Peace

Walter McMillan, 28, of Dawson was named in a formal complaint for murder before Judge W. F. McPadden late Tuesday in connection with the death of Dalton Westmoreland, aged about 70, who dropped dead with a heart attack Saturday afternoon on the streets of Dawson a minutes after he allegedly had been threatened with bodily harm by the accused man, according to information furnished by local officers.

# PEOPLE OF TEXAS ARE RAISING FUNDS FOR DEMO CAMPAIGN

MORAL AND FINANCIAL SUP-  
PORT FOR ROOSEVELT-  
GARNER TICKET

AUSTIN, Oct. 1.—(Spl.)—Regardless of all polls, straw votes and predictions the people of Texas are digging into bank rolls and piling up moral support for the Roosevelt-Garner ticket in conformity to the old-fashioned Democratic spirit of Texas. If every other state does what Texas Democrats are now doing, the whole 48 states of the Union would be in the Democratic column in November, which statement is based on facts.

For instance, right here in Travis county Democratic leaders have given Roy Miller, national campaign director in this state, assurance that they will double their campaign fund quota. Although assigned \$3,240 for the Roosevelt war chest, already Travis county has turned in \$5,497, and expects to go over \$7,500. Three other counties, Winkler, Duval and Bosque have filled their quotas and turned over the money to Miller, while scores of others are just about to complete their quotas.

From New York, Congressman Sam Rayburn contributed \$1,000. Rayburn, whose home is at Bonham, is in charge of the speakers' bureau for the national campaign for Roosevelt.

Up in Fannin county Deet Dorrough, H. A. Cunningham and S. F. Leslie are collecting a quota of \$1,666, and while this is being written already have obtained more than \$300.

Active in Beaumont. Down at Beaumont \$4,000 toward Jefferson county's quota has been subscribed, nearly one-half of the entire quota.

Over in Gregg county rallies have been planned, with Sidney Latham, militant member of the legislature, as one of the speakers, with Miss Cora Mackey organizing the women and with Sybil A. Parker, county chairman, working strenuously. Parker, by the way, issued an unusual statement. "Every person who has a job, every business man, every professional man should be willing to contribute," he said. "Gregg county is Democratic and will assert itself accordingly at the polls November 3. In the meantime it is very important that we maintain tradition by raising our quota in rapid time. Every man, woman and child in Gregg county should contribute who is interested in the Democratic party, whether it be 50 cents or \$50."

The enthusiasm manifest in Gregg county is being equaled all over the state, according to Director Miller, and he is confident that Texas will raise its quota of \$250,000, badly needed where the fight is hottest, in the doubtful states.

Down at Port Arthur retail clerks have organized a Roosevelt Club.

Washington Doing Duty. Democrats in Washington are doing their duty to the Texas campaign fund and Ernest H. Donohoe, chairman of the Texas Democratic Club of Washington, is confident that the \$25,000 quota assigned to them will be filled.

Then, there is A. O. McCracken, head of the Young Democrats in Texas, assisting Miller in the driver, McCracken going to many sections to co-operate with his organization in behalf of the national ticket. McCracken is a newly-elected member of the legislature, is a hard worker and has the confidence of his co-workers and colleagues.

Well, the Roosevelt administration gave to Texas \$1,000,000, 000,000 to put the state on its feet, so why not help him a little bit?

Miller and state headquarters are especially grateful to witness how the contributions have been coming in, for they are turned in with real spirit and everyone was glad to do his or her bit.

A joint meeting of the Navarro County Home Demonstration Council and the Farm Demonstration Council will be held at the Corsicana Public Library auditorium at 2:30 Friday afternoon to hear reports of a recent district meeting at Terrell, according to Miss Ruth McNabb, county home demonstration agent. A call meeting of the women's council is scheduled for 1:30 Friday afternoon in the same auditorium.

# Expect South Texas Escape Heavy Loss

HOUSTON, Sept. 30.—(P)—Weather observers expressed the belief today South Texas would escape serious damages from the flooded Brazos river. The Houston weather bureau said the southern end of the Brazos and its tributaries are at low stages and possibly could carry the upstream flood waters without serious overflows. The bureau said the Brazos had reached a flood stage of 42.6 feet at Valley Junction, just below the point where the Little river flows into the Brazos, and was still rising. The stage at Washington was 36.2 feet and at Hempstead was 31.5. The flood stage at Wash-

ington is 45 feet. Far downstream at Richmond, where the flood stage is 35 feet, the river stood at 18. The weather bureau estimated it would take a week for the Valley Junction crest to reach Richmond. The bureau said there was a possibility of overflows at Navasota and Hempstead but that the possible seriousness of the flood at those points could not be determined at present.
